## From The Principal's Desk:

Greetings to the LWA family!!

Hope you all are in the best of health and spirit. The paradigm shift from the real classroom to the virtual one, has provided yet another opportunity for LWA's ever energetic and enthusiastic teachers.

They have quickly adopted and adapted to the innovative and creative solutions and have maintained the essential connection with our students. As we all await to welcome our students back to School, do enjoy this edition of the newsletter, to get a glimpse of the happenings in our virtual world.

# Independence Day Celebration

## Nursery BUDS

The Nursery class of LWA was enthused with the 74<sup>th</sup> Independence day celebration on 15<sup>th</sup> August 2020 commemorating the freedom achieved.

Even as the world is under lock, nothing deterred the Nursery children to take part in the virtual celebration.

The Nursery Coordinator and Teacher Mrs. Buela Gracy initiated the program and invited the children to speak about the National Emblem, National Leaders, National Flag, National Anthem, etc.

During the virtual interactive session, children were taught how to respect the National Anthem. The children's performance was extremely applauded, and the parents were given the credit and appreciation.

### Efforts Yield Appreciation

#### Class comments

SUVETHA S 17 Aug

Very nice mam  
Thank you  
S. Dhiya

Ajitha Kumaran 17 Aug

Hello mam, the video is very nice. All kids have done superbly. The interactive session and the video will definitely boost the kids to participate in all the activity confidently. Thank you so much mam for this initiative.

Dhiya D 17 Aug

Dear Mam,  
Splendid video 😊 Great effort by parents n kids..  
Happyyyy to see all enthusiastic kids.

we appreciate all the efforts that teachers n school are making to keep the kids engaged and to maintain the bond with students in this challenging situation. Despite the network problem and the chaos kids are creating during classes, you teachers are very kind and enthusiastic enough to handle them and this makes them keep going with their online classes. Happy to be part of LWA.

### MAGIC HANDS

Children were encouraged to do activities like coloring the outline picture of National Flag and paper collage work of our National Flower – LOTUS.

The activity was given to encourage **Eye – Hand Coordination** and to learn about our country.

# International Model United Nations 2020

## IMUN

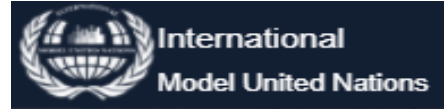

Students of Lightworkers Academy attended the International Model United Nations (IMUN) conducted on 29<sup>th</sup> and 30<sup>th</sup> August 2020.

It was a great experience for the students as they got to meet many people coming from various countries.

It was beautiful to see students from different parts of the world coming together on the online platform – IMUN.

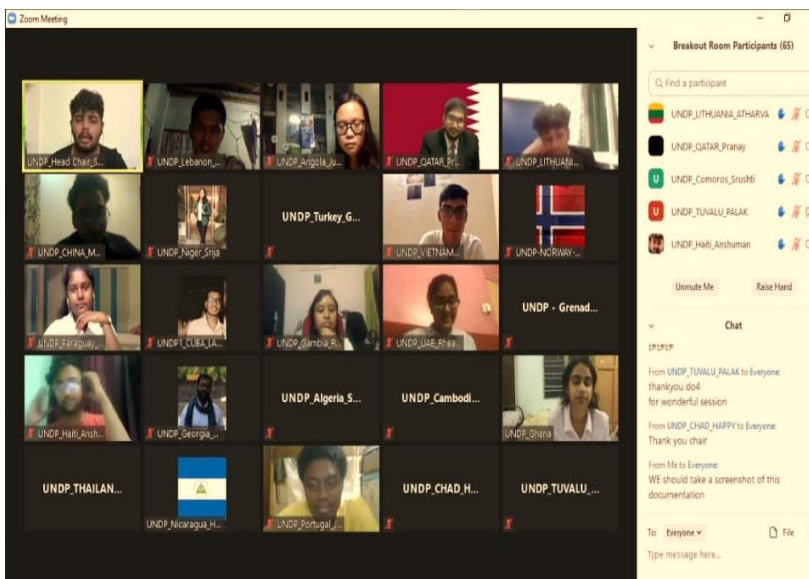

Students have been assigned to different committees with equal agendas.

The diverse opinions and ideas of the students came together with various solutions.

On 31<sup>st</sup> August 2020, MUN seminar was conducted by the MUN committee of our school. The seminar was headed by **D.Pavithra of Grade-XI**, the president of MUN club, LWA.

The main objective of the seminar was to make students and parents understand the importance of MUN and the good influence it can have on students.

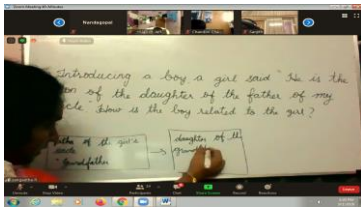

The members of the MUN committee shared their wonderful MUN experiences. Forthcoming MUN activities were discussed during the session. The seminar enlightened the students and parents by understanding the need of MUN in students' lives and the way in which it could make their lives diplomatic.

# Skill Development Class

LWA proactively introduced in their curriculum on 18<sup>th</sup> August 2020 – **CODE WIZARDS, BRILLIANT BRAINS & WANDERING MINDS** for **Grade – 4&5**, that develop life skills among the learners and will make them competent.

It is thus a process which helps the children to build a strong foundation for a thriving future on the academic front as well as the professional front.

## Brilliant Brains (General Awareness)

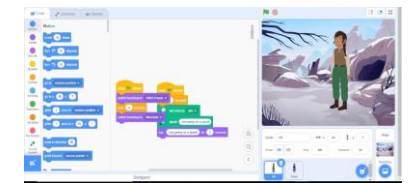

- Brilliant brains makes the students vie the world and work with aptitude tests, quizzes on numerical, current affairs and General knowledge.
- The first class started with the topic – “Healthy E-Learning”
- Logical reasoning – Blood relation type questions were introduced to the students.
- Students were explained the tricks and steps involved, and they showed full involvement in solving the questions.

## Wandering Minds (Speaking Skills)

- Communication is an important skill for every student to master.
- Through Wandering Minds the students can develop their confidence.
- Speaking activity - **“What is Next to ME ?”** made the children appreciate the significance of an object chosen in different ways.
- **Deserted Island** - a situational question was asked to Grade-V students and they answered how they will come out of the situation.
- **Picture talk** – pictures were presented & students shared their experience relating the picture.

## Code Wizards (Computer Coding)

- Coding has proven improvement in kid's concentration and logical thinking.
- Code wizards started with a Grand opening and students were explained the importance of coding.
- Scratch programming was introduced, and the basic code blocks were taught which helps the students to animate and develop mini games.
- Coding puzzles were solved, and the concept of binary numbers were introduced.

# World School Organization

## WSO

The International conference, World School Organization, is a solidarity with students from all over the world at the “**BEYOND CORONA FORUM**” sponsored by the **Kanazawa University Interdisciplinary Research Area**, led by University students and High school students from Japan and India.

**Dhanesh Arvind** of Grade – IX represented LWA in the conference held on 07<sup>th</sup> August 2020.

The theme “**CORONA & EDUCATION**” relating to the current situation aimed at discussions on

- How did “School & Study” change in corona era and what kind of impact did it have ?
- Good points and Bad points about “Online / Distance lesson / Closed School”
- Do you agree or disagree with online classes ?

Many students voiced concerns about the online teaching system and the environment. The details of the conference was broadcasted at “Beyond Corona LIVE” on 28<sup>th</sup> August 2020.
