

LIGHTWORKERS ACADEMY
UNIWORLD CITY, NALLAMBAKKAM
CHENNAI

SRIJAN
2018 - 19

Message from the Principal's desk

Greetings to all the members of the LWA family!!

There is light at the end of the tunnel, and Lightworkers Academy stands testimony to the saying. An inevitable change in our name, caused an initial apprehension. Yet, the LWA ship set sail and has been able to sustain and continues its constant effort to maintain quality and make the School an institution par excellence, dedicated to providing a congenial learning environment and focus on creating sound values and aim at holistic development of every student.

The School has made a mark for itself on the map of the Chennai and Kanchipuram. Exposure to and participation in external competitions, be it Science, cultural, Linguistics or Sports, and winning awards and laurels has added many a feather to our cap.

An 8 member team visited Nagasaki University, Japan, as a part of the Sakura exchange program in Science and culture.

The value added features in the curriculum include the Robotics and Innovation lab in collaboration with the TLC of IIITD & M, Social Science and Mathematics labs and code club in association with the Raspberry Pi foundation.

The Sports Day and Kreatura '18 (the Inter School Science competition and exhibition) were the major events conducted at the School.

Coaching for Karate, Chess, Instrumental music, Football, Lawn tennis and cricket aim at striking a balance of cocurricular activities along side academics.

Camping and activities for Scouts and Guides, House wise intra School competitions, special and general thematic assemblies, serve as a platform to showcase and discover budding talents and inculcate discipline.

Experiential learning is achieved via educational field visits. Periodic training and workshops for Teachers and students help in honing and development of essential skill sets.

Hope you have an enjoyable reading, as much as we have in assimilating and presenting it to you. With all the team efforts and the blessings of the Almighty, I pray and hope for a scintillating and radiant future for LWA !!!

GLORY CORNER

Festival Fun – Class Prep A

The wide variety of festivals celebrated in India is a true manifestation of its rich culture and traditions. There are many Indian festivals and celebrations, the most fun & exciting one that we celebrated in our school is Diwali and Pongal. Children decorated their Diyas and Pongal pots with colorful sequins and glitters on these occasions.

Children with their painted Diyas

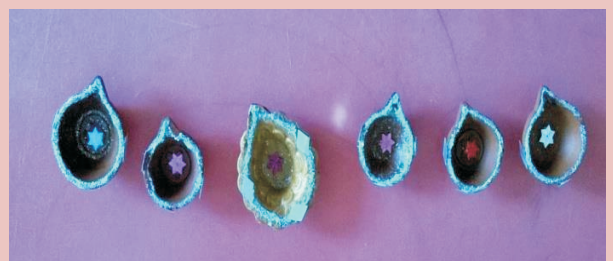

Children with their decorated pots

The Making of Diyas

“We are getting our diyas ready for lighting by decorating them with mirrors, sequins and glitter to make it a colorful one”

The Final Product

The Artists

There is a great need for activity in effective learning. If a child is provided the opportunity to explore by their own, then the learning becomes joyful and long-lasting.

"We love making our own product. It is a great fun to explore with art materials. We felt proud to show our decorated Pongal pots to our parents"- Students

Through physical activity, children are given the chance to try new things, conquer their fears and build their confidence.

"The Pongal pot decoration activity was an unforgettable experience. We love to work together with our friends and share our joys."

"It's all about working together and trying their best and learning through fun" - Teacher

Community Helpers - Preparatory 'B'

My heroes are those who risk their lives every day to protect our world and make it a better place - Police and member of our armed forces.

We are doctors - it's a profession that may be considered a special mission and devotion. It calls for involvement, respect and willingness to help all other people.

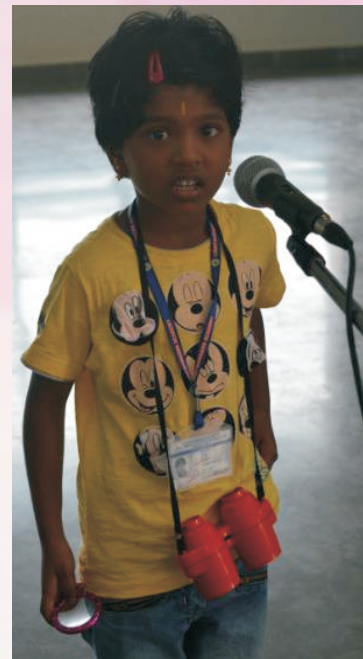

Cooking is not difficult. Everyone has taste, even if they don't realize it. Even if you're not a great chef, there's nothing to stop you understanding the difference between what tastes good and what doesn't. Come and taste my food.

Land is an emotional subject with a farmer in India because it is his only means of serving life. So I want to become a farmer

To other countries, I may go as a tourist, but to India, I come as a guide.

THE PERSON I LIKE THE MOST CLASS I

Abdul kalam is a great person of India so I like Abdulkalam I am also will become like him as a scientist.

- Haswath

I like my Daddy very much. I like my Daddy giving me chocolates. My Daddy plays chess with me he takes me to the movies.

- Nandakumar

The person I like the most is my parents, they are my best friends, I share all my feeling to them. They gift me many things on my birthday. I feel happy whenever I am with my parents. My mom cooks yummy foods and my dad takes me out to play, I enjoy with my parents and I love them a lot.

-Nimishika

The person I like most is my mother. She is one of the most fun loving person, My mother buys fruits , chocolates ,books for me .That is why I like her the most.

-K. Lishitha

I like my father most because my father takes cares of me very well. He buys me the things whatever I want .He teaches lessons and helps me in my studies. He works hard for our family. He spend time and plays with me. I feel happy and safe when he is around me. He teaches me exercise ,I love him so much.

- Siddhi Sangalph

I like my mother most. Because my mother loves me very much. She cooks my rtasty ,best food with love. She washes my clothes and keep it neat and tidy. She takes care of me very well when I feel sick and tired. She teaches me lessons and helps in my studies. She tells me bed time stories. I feel so much caring and love when she is with me. I love my mother so much.

- Shthuthi Havish.

My mother is my best friend .She is beautiful and kind. She works hard from morning to night. She helps me in my studies. She loves me very much. She plays with me. My mother cooks tasty food. Mom I like you.

-Malarvizhi.S

I am Aparjith, my favourite person is my mom. She is very beautiful. She takes care of me and my sisters.

-Aparjith

I like my boby sister jerlin. She was born when I was 2.5 years old. I play games with her, Some times We fight and immediately we will start playing We support each other when we get scolding from our parents. I thank god for gifting me my baby sister.

- Joshva Pon Samuel.J

I like my brother. He helps me in all my studies and my homework. He corrects me when I go wrong . He plays with me .He teaches me good things , He takes care of me when my mother is not at home . He helps me to get ready to school. Though, we have quarreled each other, I like my brother . His name is A.S. Jeevanpranav.

- Kiruthikvarshan .A.S

My mom is always my favouirte . I love my mom. She loves me , she takes care of me eve before I was born that is from my mother's womb. I love her so much ,But the love she has for me is more than this universe . She loves me and takes care of me more than any other great person in this world. Such a great person - My MOM- is always my favourite.

- R. Vanya

My favourite person is my mom because she is closest to me, cares for me , my pillar of strength and my world. If love is sweet as a flower then my mom is that sweet flower of love. " U are my Mother I would have no other".

-Vishali .V

My favourite person is my big brother Akash, The reason I like him he helps me and play with me .He lives in Singapore and he will come to my house for celebrating deepavali . He also celebrates his birthday here. He taught me origami , to read books and write stories. He is the best person, I like Him very much . I wish that he could stay with me in India.

↓ -Latchuman Aadhithya

I don't tell you this often enough, but I really love you Mom You're such an important person in my life and I appreciate all that you do for me. Thanks for all the sacrifices you have made .

- Jovina Santa. J

I love my parents, I had tough times, both my other and father stood by me and took care. I have no words to say I will make my parent to be proud .

- Asmitha M.V

My sister name is V. Srinidhi. My sister is studying in class-3. I like my sister because she is not only my sister also a best friend in every moments. We both share everyting.

- SriHari

My mom is the person I like the most. She cooks me food every day. She feed me every day, he helps me to take bath every day . She helps me to dress for School every day. She helps me to write home work every day. She loves me the most and I loves her the most.

- Sai Nikitha

The person I like the most is my brother , my brother name is Nagulan He is very cute. I am playing with him daily .We are wearing same colour dress .He is my best friend.

-Shastigan

The person I like the most is my father. He is very kind. He takes me to the park and plays with me. He buys more books for me and makes me to learn new things. He is my hero and best friend too. He used to tell me about his childhood stories. He buys toys whatever I ask during my weekends my father takes me to my cousins house and makes me to play with them.

- David johanam.M

My brother name is guhan I love my brother. I will share everything with him and we will play happily, he is also my best friend.

- Saara

The person I like the most is my mother . My mother takes care of me and my sisters. She helps me in almost all the things I do . She is one of my friend. She wants the best from me and always teaches good values in a very strict manner. This shows her love towards me .I share everything with my mother. I love my mother.

- Rachika.D

MY FAVOURITE GAME

CLASS - IB

The game which I like to play is "Hide and Seek". It is a popular game in which any number of players can play.

- Aradhana K.

I love Football because it is an outdoor game. Two teams can play the game and each team contains 11 players. The team with maximum goals is the winner of the match.

- Sri Saai K.

My favourite game is Cricket. There are 11 players in the team. Every team has one captain and vice-captain. The different forms of cricket are T20, ODI and Test Match. The Cricket World Cup is held once in every 4 years. The Indian Cricket team won the world cup for the 1st time in 1983.

Sriniketan S

I like Football very much. This game teaches us to work hard.

- Gokul Sai N

Jiya

Jayaram

Cycling is my favourite game. I go for cycling every day. Cycling is a good exercise.

- Aadishri Manuprasad

The game which I like to play is Cricket. I play cricket with my friends. My favourite is batting. I strike fours and sixes during my game. Playing cricket gives me a lot of happiness.

- Jose Samuel

I love Football. Football is an outdoor game. A football match is played between 2 teams and in each team there are 11 players. The team that scores more goals is the winner.

-Meryl S Cherian

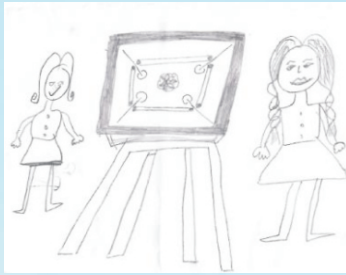

My favourite game is Hide & Seek. I like to play this game with my brothers, cousins and friends. When we play, one player will count till 10 and others will hide. Then the catcher who counts will go and find others. We have lot of fun playing the game.

- Ryan Muhammed

Table Tennis is also known as Ping-Pong. It is an enjoyable game. I always love to play this game. Now it is not only a game, but a sport – an Olympic sport.

- Yathra R S

I like to play carrom board. The game is played on a board. A carrom set contains 19 pieces in 3 colours.

- Saanvika

My favourite game is Basketball. I love to play and watch the game. It is fun to play with my friends. This game teaches us team work. My favourite player is Kobe Bryant.

- ChayanSipani

I like to play Cricket. It is an outdoor game. It is played between 2 teams. Each team contains 11 players. There are many forms of match, they are Test Match, One day Match and 20-20. There are domestic and international matches. This game contains overs and runs. Each over has 6 balls. The team which scores more runs will be the winner.

- Shakshi Chandhiramouli.

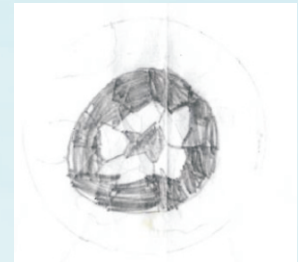

The game which I like to play is Football. A large round ball is used in this game. I like to play football with my friends. It helps to develop team spirits.

- Akhilesh M

The game which I like to play is the most famous sport in the entire world which is Football. Playing football keeps me fit, healthy and boosts my immunity as well. I use to play football in our playground. I am unable to control my happiness when my team wins. The ground is separated in 2 equal sides, having goal post on each side. My favourite player is Ronaldo. It is my dream to wear his jersey number 7.

- Aaron Jibi
Yohannan

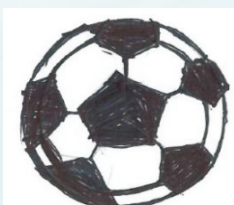

I like Football because it makes me active and energetic. Football is a team game. This game is also called soccer.

- Nikhil S N

The game which I like to play is Badminton. I love this game because this keeps our body fit, also I can play this near my house itself. I play this game with my sister, brother, father and mother.

- Sujay K

Football is a very popular game. There will be one goal keeper, 7 player and 3 substitutes. I always enjoy the football match. I wish to become a famous football player in future.

- Shanvi Chandhiramouli

MY FAVOURITE CARTOON CHARACTER CLASS II A

DORAEMON

My favourite cartoon character is Doraemon, an iconic character from Japanese cartoon. He is a cat robot. He has many gadgets in his stomach pocket such as door, small light, big light and so many... He is a problem solver.

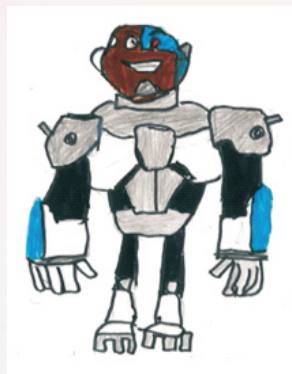

- Miruthula

PJ MASKS

The PJ MASKS are super heroes who rescue the town. Their names are Cat boy, Owlette and Gekko. The three save the town at night from the villains Romeo, Luna girl and Night Ninja. The villains can't defeat them. The PJ MASKS are so kind that they can make friends with villains and everyone.

- Sanjith D

TEEN TITANS GO

My favourite cartoon is Teen Titans . It is very funny. My favourite character is cyborg because he is half robot and half human. Cyborg's favorite song is "The night begins to shine"..

- Mukesh

MY FAVOURITE STORY-SNOW WHITE

I like snow white very much because she was not only beautiful but also very kind at heart. After her father's death she suffered a lot because of her step mother's cruelty. She went near death for almost two times, but because of her good nature she was rescued first by the dwarfs and then by the prince who then married her. Even though snow white suffered in her life, she remained happy and made others happy. So, reading her story makes me too happy. There is another reason for me to like this story. My mother had enacted in the snow white drama when she was of my age. So this story is very special to me.

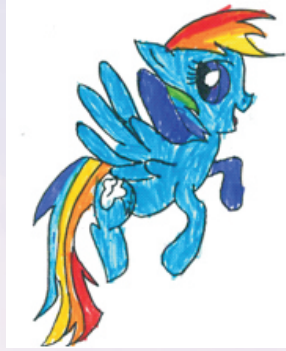

- AditiNiranjana

ELSA

I like to watch frozen. It is very interesting. It is the story of ice princess Elsa. She has a sister, Anna and she likes her very much. She has magical power that can freeze anything. She built a big snow castle by herself. She made a living snow man, Olaf and he loves summer season

Chandini. S

MY LITTLE PONY

My favourite cartoon character is My little Pony. I love this because it has colourful rainbow wings. I also like all Ponies. It can fly and it makes rainbows.

Niverthana. R

TARZAN

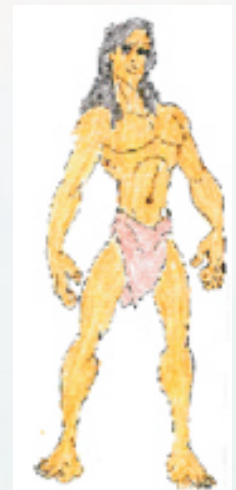

The orphaned Tarzan grows up in the remote African wilderness, raised by the gentle Gorilla Kala. When a British expedition enters the jungle, Tarzan encounters the beautiful Jane, and recognizes that he is human like her. Tarzan is torn between choosing civilization and staying with his Gorilla family, which is threatened by the ruthless hunter Clayton.

- J a s o n

SHINCHAN

Shinchan is a naughty boy. He does naughty things like throwing papers in the house. Shinchan has two friends Kazama and Neni. She has a sister ,Himawari. His favourite cartoon is action kamen

- Balakrishnan. G.

MY DREAM HOME

II B

My dream home is a place of beauty and inspiration. It is a bungalow planted with fruit trees and flowering plants. It is large and spacious. There are plenty of windows to make the place bright and airy. My kitchen is small and neat. All the bedrooms in my dream home are spacious. One of the important rooms in my dream home is the library with wonderful books. Another important room is the music room where I have the keyboard to play music. My dream home is the place of joy, peace and beauty.

Sam Immanuel Jeyan

I always dream to live in a big house where happiness, beauty and inspiration present. Currently I am living in an apartment which is moderately spacious. But I wish for a big house, surrounded by huge lawn, having plants and trees yielding flowers, vegetables and fruits all over the year. My dream house will be a two storeyed bungalow with a lot of spacious rooms in ground floor and first floor for living. My dream house will also have a cellar, fully equipped with machines and tools for building engineering structure and doing scientific experiments. My family is big and they are scattered everywhere in the country. I have seven and more cousin brothers and sisters. I always want them in my house because they love me a lot. Since our present house is small, it is difficult to gather all my family members at a time for any function or celebration. In my dream house I can accommodate all my family members and everyone will have their own room and have all comforts. With that I can enjoy the love of my grandparents, my uncles and aunts and enjoy the company of my cousins. We will have fun, dining together and spending valuable time together. My father has a habit of reading literature and playing guitar. In my dream house my father will have a spacious room which will have a small library with all his collections of best sellers and literatures. He will also enjoy playing guitar in that room. My mother will have a spacious and neat kitchen in my dream house. The kitchen will have a huge refrigerator and wooden cabinet for storing groceries. She enjoys cooking and engages herself making tasty food for me always. A big and a well equipped kitchen is her dream too. My dream house will become real one day and I can give all comforts to my parents and family members.

Anant Krishna

Home is a place where we stay with our families and live safely. It should have four bed rooms, drawing room, hall, kitchen, veranda and toilet. It should have tiles and marbles on floor. It should be surrounded by big garden with flowers and trees. It should have mini park and swimming pool. All these things will make my dream home beautiful.

R. Sanjana

I wish my home had a secret cabin with a password which my parents and friends didn't know. The cabin should be near the front door. The secret cabin is the best hiding spot for my favourite game, hide and seek. The secret cabin should have so many shelves and secret places to hide all the things. It must have nerf guns in all the shelves and a secret place for precious guns.

Krish Patnaik

My dream home is a caravan that can fly and go on water. It can carry me across the seas and fly me over the mountains. I can visit unknown lands and make new friends. It will give me loads of fun and frolic. Do you want to join me?

Aadit Chakraborti

I wish my home to be big with lot of play places and garden. I like to have a television in my bedroom. I love to have a parrot in my home. I will grow different types of flowers and make my garden pretty.

Anushri

I want my dream house to be built in the sky because I like to fly all through the sky like a bird. Even my playground needs to be in the sky. I can play slide, swing and see-saw in an open sky instead of open ground.

Sarvesh

My dream home is a bungalow. It is a place of beauty. There are two bedrooms and two bathrooms, a kitchen, a study room, a toilet, a living room, a dining room and a playground. In the bedroom there are beds, tables, wardrobes and a book case. In the bathrooms there is a bath tub, soap, brush, washbasin, mirror, rug and toilet seat in corner and a washing machine. In the kitchen there is cooker, fridge, dish washer and microwave oven. In study room there is a computer chair. In the living room there is sofa, tea table and a chapel stand. In dining room there is a big round table chair and cupboard. In pooja room there is a picture of god to worship.

Saksham Mehta

room.

I like my dream home. It is the greatest wish in my life. It must be a house only for me and my family.

Pranav Krishnan Deepak

My dream home should be surrounded by ice cream, chocolates, candy tree, and fruit house. My dream home will be with natural things like snow, water, sand, birds, animals and various trees like coconut, mango, apple, orange and different flowers like sunflower, rose, jasmine, hibiscus, lotus etc. In my dream home I like to play all my favourite games like chess, football, volleyball, cricket and badminton.

Prateesh

I play cricket and I love to read books. I wish to do many activities in my dream home.

Atul

My dream house is made with love where my family shares affection.

Abhinav

My dream home is a joint family in a pollution free environment.

Faiza Farook

Gagan Deep Raj

MY FAVOURITE PET

CLASS III A

TINKUU

My favourite pet is puppy because it guards our house. It is very kind, joyful and friendly in nature. It is a lovely pet. My mom had a pet called 'Tinkuu'. It likes puppies. They are my favourites.

- S.SriAdvitha

RABBIT

I love rabbits. They are small and cute. They are smart and run fast. I do not have any. I would love to have one as my pet.

- V. Riya

CAT

Cat is the smallest member of the cat family. My cat follows me around the house wherever I go. It is very cute and has furry bushy tail. It likes fish, meat and milk. We feed them daily. I have tied a bell around its neck. I love my pet.

- S.Shaffia

COW

I love cow because it gives milk to the world.

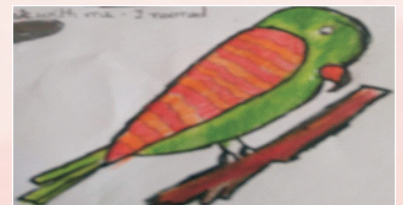

-R. LAURA

PINKPAY

I love parrot because it is colourful and it speaks with me. I named her 'Pinkypay'

- Srinika Prathysha

Dog

My pet animal is dog. Dogs are not our whole life, but they make our lives whole. A dog can smell about 1,00,000 times better than a human. Chocolate can make dogs very sick. There are lots of breeds and types of dogs. Dogs have very good sense. Dogs are often called man's best friend.

-L.Saravana Krishnan

My favourite pet

My favourite pet is a dog. If I get to own a pet dog, I will name him 'Tom'. I will give him fish, meat and rice to eat. Tom will guard our house at night and will bark if he sees a stranger coming. Whenever I have free time, I will play ball with him. I will treat him like a member of our family and love him a lot.

- P.Sandhya

A Cock, Puppy and Kitten

A cock, a puppy and a kitten are my pets. I love them very much. The cock wakes me up in the morning with its cuck-doo-coo. It's crest very beautiful. My puppy always waves its tail when he sees me. My puppy and kitten are best friends. They drink milk in the same plate.

- M.S. Nandana

My Pet Fish

My pet is a fish. It is a golden fish. It's name is Kiwi. It looks beautiful. It jumps when it is happy.

- Harshavardhan

Lucky Fish

I like lucky fish because it has memory power. It eats jelly fish. I will play with lucky fish.

- S. Mithra

IF WE HAD WINGS TO FLY

III B

If we had wings to fly we can fly up in the sky as an eagle. We can play hide and seek with the fluffy clouds. It would be fun to fly up in the sky with no traffic jam and honking of the vehicles. We don't need aeroplane to go other places if we had wings to fly. Oh! Just to see people like ants crawling on the ground and skyscrapers looking like matchboxes lift my spirit high. Oh! I wonder if I only have wings to fly.

- Parthiv Arun

I would fly up in the sky sitting in the mountains.

I could see the sun.

I could play with the sky. I can sit in the house. I can steal anything which is light weight. I can see anything from up from the sky.

- Mickkrish. J

If we had wings to fly we would fly, as high as we could to feel the fresh air on my cheeks. If we had wings to fly we would fly, across the sea to catch a drop of saltiness on our lips. If we had wings to fly we would fly, above the forest to soak in all the sun before it reaches the trees.

If we had wings to fly we would fly, far away to an unknown land where no one's ever been before. If we had wings to fly we would always come flying back home to where a nest named family is.

- Kirthigeshwaran G

If we had wings to fly, we can easily move from one place to another. There will be no traffic on road. We don't have to spend money on diesel or petrol. We can make friends with birds.

- Yudhilchan Mohan

If I have wings to fly, I will fly in the air. I will become a fairy. I will help poor people.

- Angelina S

One morning I woke up When I sensed something was up It was my back, I had a pair of wings but not chicken wings With this wings I flew through the sky To see people dancing on the land like a chicken Then came the greatest moment of all I flew to the chicken centre !With full of what you might ask? Chicken Nuggets Hippee! That was a wonderful moment I could not forget Like a Chicken.

- Davian Heinrich

If I have to fly I will see the world from the top. I will fly without any cost. I will sit on trees and enjoy my life. I will roam around and be happy all the time. I will sit on the top of the mountain hills. I will fly and see the beauty of nature. I can fly here and there and also can see way to my home.

-Pranav Navajath

If I have wings, I will go beyond boundaries. I will help the poor and the needy. I will enjoy the birds view I will cross the ocean I will go wherever I want.

- Imaan Fatima

Many times I think if we had wings to fly, we could fly like a bird. It will be fun to go to different places. We will fly across mountains, waterfalls and lakes and sit on the nature's lap. We will fly and reach school without parents and also help people in various ways. We would simply move out of the window and go out to play and also return home through the window. It would save our time and the world would be a better place. So I wish I had wings.

- Lalita Vats

If I would fly, I would save the city. I would have told them to not use any plastic. It would be nice. If I would fly there up in the sky! It would be so cold. If it rains, I would see different kinds of birds if I would fly. I would tell them to not to cut the trees. If I would fly, I would make the city clean and beautiful. I can also reach faster to school, if I would fly.

- Rick Thappa

If we had wings to fly, we could fly in the sky, communicate with birds and see the world from high! I could see America Russia and the beauty of the earth! If we had wings to fly, I could dream high. And shine like a star in the night sky. Glowing in the sky. Let's keep our wings high and achieve our goals! If we had wings to fly.

- Joel Xavier Kulangara

If I had wings to fly, like the beautiful butterfly in the sky, And drink nectar from the colourful flowers our God made, Then I will shine all the time like a star.

- Antessa Maria .s

All of us love freedom. Each one of us wants to define freedom in the way it suits us. My idea of freedom is in the lap of Mother nature. If I had wings, I would fly over the Mount Everest. I could even touch the clouds, the stars and the Moon. I would sleep along the nature's lap on the top of the hills. Flying would also allow me to feel the wind on my face. And also I would love to see the variety of flora and fauna in the natural world. Also I wish I could enjoy all the tastes of the nature and I would play with butterflies. It would be awesome to fly.

P. Shri Bhuvana

I will fly from place to place and explore the world. I will fly upon the water levels and enjoy. No Petrol, No Diesel... In this way I will do a small favour to nature by not polluting it. I will fly across mountains, waterfalls and I will sleep across the nature's lap, On the top of the hills.

- Gargi Hatekar

MY FAVOURITE TELEVISION SHOW CLASS IVA

My favourite channel is Discovery. It is a treasure trove of information.

- Soneesh Varma

My favourite T.V channel is Disney channel in which I like see Doraemon. I like Shuzuka who lives in Tokyo in Japan. Doraemon is wonderful with many devices in his pocket. I like him very much.

-Kavya J.

My favourite T.V show is Sirippoli. It is a comedy show in which they show comedy scenes from different films. This program makes us laugh. We laugh for a long time. My whole family enjoys this channel.

- Mythraa.H

I love Extreme Adventures in Discovery Jeet HD channel. Bert Kreischer takes on mega-thrill rides and local challenges in different parts of America. I love to see that type of adventures throughout the day.

- Sree Avanthika

My favourite TV channel is Discovery HD. In this channel, there are many shows of animals which I love. They teach me so many interesting things. I like it so much.

- A.A. Shreenidhi

My favourite T.V. show is Ben Ten. It was created by team 'Man of Action' and produced by Cartoon Network Studios. It originated in United States of America.

-Pranavsupramaniyam R.

I love to watch Naruto. Naruto is a ninja in training. He loves mischief. But he wants to become the world's greatest ninja. I too want to be like him.

A.V. Guruprasad

My favourite show is Shinchan. Shinchan is a 5-year old naughty boy. Once, a car dashed him and his sister, Himavari. Their mother imagines the naughtiness of her children through this show.

-Rithvikanth

I love Sixth Sense on Maa TV. Only some people have sixth sense to guess something by intuition. This show deals with contestants playing a mind game.

-Mohanapriya Hari

I love to watch Roll no.21. It makes me feel very happy and glad. I also love to watch Chhota Bheem. I always watch it every day on Pogo and I laugh very much while watching it.

-Rakesh

Masha and the bear is my favourite TV show. It focuses on little Masha and a bear who keeps her away from disasters. They have a lot of fun together. I become very happy on seeing this programme.

-Vinisha V.

CARTOONS ARE OUR FAVOURITES

If I was Invisible

Class IV B

On a Tuesday morning I woke up with a very bad headache. Then I went to my mother asking for a cup of coffee, but to my utter surprise she could not see me. I tried calling her but it was of no use. Then I discovered that I had superhuman powers and became invisible. I then decided to do some good work. As I was walking down the road I saw a man pulling a golden chain from an old lady. I ran and punched in his face, he fell down surprised. Then I took the chain and gave it to the old lady. She was stunned. As I was doing this I heard someone call my name and shaking me. I opened my eyes to find that it was all a dream!

- Lokesh Venkatesh.

If I were invisible I would do whatever I wish. I would go to a market and take many things from there. I would steal my favourite toys and sweets, since no one could catch me. People would be surprised to see things moving in the air. I would be happy to be invisible.

- Aditya

Once there was a mad scientist, unfortunately I was his friend. He was making some solutions and was experimenting with something. I suppose he made a chemical liquid that looked like mercury and he kept it on his cupboard. Not knowing of all this, I went to his lab to take something that belonged to me. While searching for it in his cupboard, mistakenly I pushed the liquid and it fell all over me. In a few minutes I saw my hands disappear in front of my eyes. I got so scared. I ran to my friend for help hoping he will bring me back again.

- S. Abinash

It was Friday and I felt like reading a book. I took the book 'Aladdin and his magic lamp'. As I was reading it I fell asleep. And I saw a fairy. She asked me to make a wish. I was thinking for a long time and I thought of becoming invisible only for a day. The next day I woke up, I thought the fairy would have made me invisible and started making pranks on my family members. But from their reactions I found that I am still the old me. It was a very funny moment.

- Bhoopesh

It would be bad if I were invisible, I won't be able to be with my friends. They will be scared of me and I don't like that to happen.

- Kanishka S.

I went to the beach with my family. It was clean and tidy. There were beautiful sea shells. It looked so different and strange. As I was collecting the sea shells, I found something written in it. It said, 'Beware'. Then I took the next one, it said, 'Of the sea'. It was fun, I kept collecting, the next one said, 'It has the power'. I went on, the next one said, 'to make you disappear'. I just completed reading this, when my sister suddenly... playfully... pushed me into the beach. I drank the sea water by mistake. My sister began to search for me. I was calling her back, but she couldn't hear. She started to cry and ran to my mother. I was calling them loudly, but my mother started to panic. They were planning to call the police; they thought that I got drowned. Then I realized that they couldn't see me. I ran back to the sea shells again, in hope of finding an answer. I took one, my hands shaking, it said, 'for a minute'. I sighed in relief, my sister came running and hugged me. I am happy; at last they can see me.

- Jenita Lincy.

I took one, my hands shaking, it said, 'for a minute'. I sighed in relief, my sister came running and hugged me. I am happy; at last they can see me.

- Jenita Lincy.

If I were invisible I would be a great help to the police department to arrest the terrorists.

- Shaik Shahzad

If I were invisible, I would knock my mother, Tap... Tap... She would get scared, I would be very excited, This is why I want to be invisible!!!!!!

- Madhu Shwetha

If I were invisible,
I would like to fly,
High up in the sky.
If I were invisible,
I would like to eat lots of
ice-cream,
Which is one of my
dreams.

If I were invisible,
I would like to help the
needy,
And would stop people
from being greedy.
If I were invisible,
I would make people
forget their mobiles,
And cherish the reality of
their lives.

- Harshini Iyer

One day I woke up and I was hungry. I called my mother, but no one was there in my house. Then I found some food on the table. I ate it, then I was watching T.V. Then my mother came and told, "Why is the T.V. on??? But nobody is here." She switched off the T.V. I said, "Mother... I was watching T.V." My mother got shocked and said, "Who is this?" Then I knew that I was invisible.

- Armaan

If I were invisible,
I would explore the whole
world,
I would steal few sweets.
If I were invisible,
I would go to the palace
and watch the princess
in her crown,
I would explore every
library in the world!

- Varshita

One day, I went to a beach resort with my family. We were enjoying the warm sun and playing on the sand. My parents and sister were walking before me. I was collecting sea shells and following them. Suddenly, I found a small conch shaped shell. I blew it to see if it made any sound. But no sound came from it. So I put it in my pocket and started running to my parents. I called my sister to show her the conch but she didn't turn back. Then they started searching for me. It was then that I realized that I had become "Invisible!" Then my parents panicked and complained at the police station. I was wondering how I became invisible. Suddenly I remembered the conch in my pocket. I blew it again. This time it made a whistling sound and I became visible again! My parents hugged and kissed me. I started playing with my sister.

- Mokshitha

My Dream

Class V

My dream is to be a computer scientist. I want to shine in the whole world and discover many new things. I want to make my parents proud and happy. I will research on many new things which help our country to be a developed one. I also want to go to the space and research on planets.

-Ishan Gupta

Chocolate World

My dream is to go to the world of chocolates. There was a big factory located near my village. As soon as I reached the factory I easily smell fresh chocolates getting ready. I was so excited .I saw people standing in a long queue to see the making of chocolates. I really enjoyed the freshly prepared hot cup of chocolate and had a great fun at this place. Enjoyed a lot, had a great time.

-Lasya Sri N

My ambition is to become a cricketer. I used to see matches with my father and at the age of seven I started playing cricket with my colony friends. I will train myself and play well to achieve my dream. I wish my ambition comes true.

-Aditya Garg

A dream come true

One day when I was brushing my teeth, seeing the beauty of nature, I saw my most favorite football player Lionel Andrés Messi jogging near our quarters park. I was so eager to meet him. I stopped all the activities I did and ran down stairs but unfortunately he was not there. The next day I woke up early to meet him. I went down putting my number 10 favourite jersey and waited for him. 'Here he comes ', with full excitement and happiness when I was going to say 'Hola como estas' in Spanish as it's his language which means 'Hello how are you?' my mother sprinkled water on my face and woke me up. Oh' it was all my dream ...

The Wonder of Nature
*Nature! Nature! So lush and green
The wonder of wonder anyone has seen
So cool, calm and full of life
Makes us forget all our trouble
Think of a forest full of trees,
Fluttering and dancing in the breeze
We cut them down and built houses
And wait for ages to get rain
Do what you can and save the nature
So that our children in future
Can see the nature we have nurtured.*

- U.K KrishnaPriyaa

My dream 'An Artist'

My name is Aditi and I want to tell you about my dream. My dream is to be an artist because I love art so much and I love to create something artistic. I have drawn many pictures and want to draw more. The day I become an artist, I will open my own art museum and will put all my drawings I have from childhood. I also want to teach my child to draw. Some says 'as you grow your dreams and ambitions may change', but I don't completely believe that, because if we have a true passion for something it can be achieved. A dream doesn't become reality through magic it takes sweat, determination and hard work.

- Aditi

All Around the World

Hi friends!! We Faizan and Jason are going to explain about our dream. Yeah, our dream is to travel around the world, This sounds too common but we have a dream, one day we will travel the whole world, will meet as many people as we can, we will enjoy different religion and culture and will meet lot of people from different religion from different parts of the country.

- Jason Isac R and Faizan Amjad

My Strange Dream

When I was sleeping I heard a creepy noise coming from the garage. I went down and felt someone touching me. I'm in my house, and it's really dark. It also looks like a real mess. There are all these dirty clothes and trash everywhere. I was so nervous and worried. I ran from one room to another knocking door. Something strange was coming towards me to kill me. I woke up from my nightmare as I thought, "Thank god, it was all a dream."

- Nithin S

My dream to be a Scientist

Everyone dreams of being someone or doing something different when they grow up. Each and everyone should have an ambition and should march towards it. Likewise, the ambition of my life is to become a scientist. Right from my childhood I like Science a lot and I fascinate the subject very much. Becoming a scientist is my ambition because I like to do experiments and I am also interested in science.

- Rohith S Nair

My dream to be a football player

When I went to my first day of football coaching I learnt many things like tackling, defense , attack and even practiced "ginga" a new style of football. Within two months I learned "bicycle kick", and the very next day I got hurt in thumb finger and was not able to bend my finger. As I did not give up I played in a match and scored 9 goals and won two tournaments. My dream is to play in the world cup. I used to struggle a lot in my practice sessions. Finally when I was 16 years, I got a chance to play RIO World Cup. I was playing for the first time in world cup .I was curious, generous and of course a bit scared. I was trying to hit but the opponent pushed me down and I got very angry. With full vigour I played my best and hit a goal. The whole crowd went silent for a movement and were surprised and cheered for my goal. Somehow we managed and got in the finals with Brazil. We won the tournament. Suddenly I heard my name announced as the man of the match. With full pride I stepped forward the dais to receive my award , but all of a sudden I heard a strange voice 'Hasvesh, Hasvesh' and it was my mom's wakeup call and my dream vanished into the thin air. A dream doesn't become reality through magic; it takes sweat, determination and hard work.

- Hasvesh B

The dream of becoming an Army Officer was always there in my mind. I neither want wealth, nor fame, name nor power. My only ambition is to serve my motherland honestly, sincerely and lovingly. There are many ways to serve our motherland. We can serve the country as an engineer, as a politician and as a doctor. The profession of a teacher is a noble one. An honest teacher is the real builder of the nation..

I desire to become an Army Officer. I feel I can serve my beloved country best in this way. The army life is so full of adventure, discipline, toughness and risk. All these things attract me most. Wherever the soldier goes, he is received with

MY DREAM ROOM

*I love my living room! I'm sure a lot of people say that, but I feel like my living room is the ideal space. I spend time with family and friends there have my jewels and mementos on shelves, and at the end of the day I get to relax on the sofa with family and watch television we all enjoy. No matter where I am, I'm always aware that at the end of a long day I can look forward to ending it on a high note in my living room. My dream room should have a lot of windows and must be have a great view of the beautiful scenery. It should be not really big, but make me relax and safe. My room will paint with pink and white. I will also put my family's photo and my best friend's photo in the walls. I thing that's all about my dream room, very simple but I will feel very happy to enjoy my dream room. **-Jeevika .B***

If I were.....

Class VI A

If I were a **bird** I would fly up in the sky. I would fly to all the places which I wanted to visit but never had the chance to. I would fly around blue oceans and high mountains. I would have the freedom to do whatever I want. I would reach to the maximum heights and see the beauty of nature. I wouldn't have the fear of health issues, I would enjoy eating everything. I would be happy without exams or home works. I would enjoy the natural life.

Jeevan

If I were the Prime Minister of India,
I would not use the public money uselessly.

If I were a princess,
I would make India colourful

If I were a butterfly,
I would fly off from my home so that I would not do my homework.

If I were a runner,
I would win prizes

If I were a dancer,
I would dance in air

If I were a minion,
I would eat more bananas.
- Linneysha

If I were an **IAS** I would help the poor people and make things better for everyone. I would build schools and hospitals for the poor. I would keep my city clean so that diseases won't spread. I would try my best to develop the villages. Foremost I would be truthful to my people and work towards a better

If I were the **CEO of Google**, I would ban all the cyber bullies hanging out there. Ban the entire black hat hackers and do good to the white hat hackers. Stop all the scamming websites and make internet a better place.

Tejaasvin

If I were a doctor..
Doctors do a great service to the society. A life gets saved in their hands. They take a lot of effort to cure us from various diseases. Doctors have to face many difficulties. Last year when my grandmother was serious in our village, we had a hospital which was very long from our house and my grandma became very serious and we lost her. That day I promised my parents that I would become a doctor and save the lives of others. At last I would like to say doctors are the second God.

-Athsal

I wish I were a dancer
For their entertainment
giving an answer
Moving my hands and feet
And dancing in the street

I wish I were a singer
Always becoming a winner
Having a sweet voice
And giving everyone joys

I wish I were a teacher
Making others a winner
Giving others knowledge
In a school or a college

I wish I were a farmer
Who works harder
To fulfill everyone's hunger
In any weather!

**R.
Ananya**

*Dreaming about being a **scientist** is not my work that is my ambition. My most impressed scientist was Albert Einstein. His life time was from 1879 – 1955. In 1921, he was awarded the Nobel Prize in Physics. My ambition is to be a scientist because I like doing projects on Physics based on electrical circuits and even projects on Chemistry. I like the phrase said by A.P.J. Abdul Kalam “My earth my duty”.*

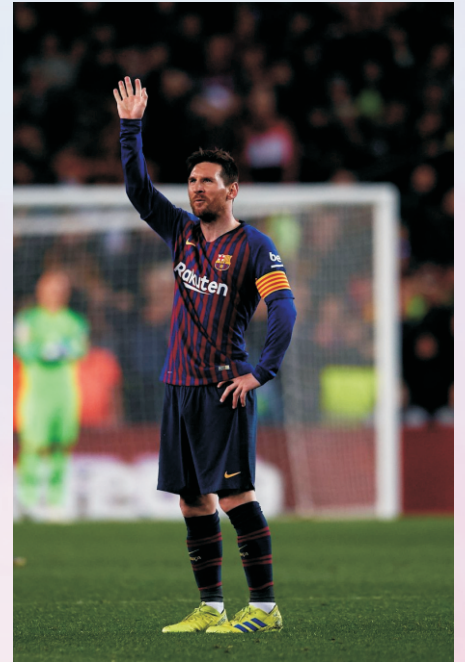

*If I were a **cricketer**, I would make my parents and my country proud. I would put in all my efforts to improve my energy and would work hard to play for the Indian team. I would respect my teammates and try to win all the*

*If I were a **superman** I would help the world to become a better place. I would hide my identity and support all the needy people. I would be a friend to the good ones and an enemy for the bad.*

*If I were an **astronaut** I would fly in the sky. I would go to Mars and would be proud to be the first woman to land there. I would fly around the sky, touch the stars and the Moon. I would shine like a star if I were an astronaut.*

*If I were a **footballer***

One night, in my dream I felt like the trees were shaking. The wolves howling but I saw a man fearlessly standing alone in a grass field with a stone next to him. The wolves were gathering together and one wolf at the back. It was looking awesome!!!! But in fact that was a football stadium. The trees were the fans screaming the name VEDA VEDA!!!. The wolves were the opponent players. The wolf which was standing at the back was the goalkeeper. The stone was the football. I had a great chance to score a goal but I assisted my teammate to score one. This is my ambition - to become a football player. I hope to succeed in my life and to live my dream!

Vedanarayana

MY BEST SCHOOL MEMORIES CLASS VI B

One of the most memorable days of my school, was the day when my friends and I were preparing for the mathematics exhibition. That day was a blast!!! My friends and I had loads of fun doing our works, making fun with each other, cracking weird jokes, laughing a lot, sharing stationeries and providing a helping hand for each other, although we faced so many challenges during this time. My partner's stationeries were supposed to be brought by her parents and our project was late. Even during the time of waiting, we were happy and cheerful. We were even happier when all items of our project had arrived. But when our project material had arrived, we were dancing and singing a lot. That day was my most memorable day with so many ups and downs, happiness and

The best day in my school is the Children's day. I was happy that I had a day to celebrate. I enjoyed it very much. The teachers danced and sang. A wonderful assembly by the teachers enriched the day. I loved everything. Especially they told us to wear colour dress. I liked this option. It was a great day. I wish it came again.

-Sivaani. S

My most memorable moment in my school is our special assembly on Dussehra. We were dressed like a goddess and we performed a dance. The whole school clapped for the dance. Another incident that I really enjoyed in my class was a skit on panchayat. There we acted like villagers and we were finding solution for our problems. At the end of the skit my friends took it as a serious discussions and started fighting as if they are the real characters. It was really funny and we laughed a lot.

-Anishka shree. A

My moments revolve around my classmates and teachers as they have made them unforgettable for me. The times with my friends during recess and games are the best. We have shared jokes & lunches, played hand cricket or Atlas, teased one another and laughed out loud. It shall always stay close to my heart. Be it revision test, periodic tests or term exams, the pressure of completing exams within given time has always made me nervous but after finishing the exam, I felt satisfied as they always went well. Then, the waiting period for results has always made me so impatient that I had to badger my respected teachers from time to time to disclose my marks..

Indeed, they were quite the moments. The best part was receiving accolades & appreciation from respective subject teachers when I got highest marks in any test or performed well in sports or competition. It always boosted my morale and encouraged me to do better.

'Kreatura-the science fest' organized in our school has helped us learn a lot. We have worked in teams and tried to do our best in making our science projects. After seeing amazing projects from different schools, I was thrilled and this has increased my interest in science. The time spent at Science and computer labs is quite memorable. We have done few experiments there which helped us explore science in the most engaging & interesting way. I have always loved my English class and the fun time we shared with our respected English madam. Also, the celebrations on children's day where our teachers performed and gave us surprise gifts shall certainly help me remind the glorious times we spent here. The list is endless but these are the ones I tried to summarize in few words. Happy School days!!

- Anant Paliwal

Best moment of my school was our sports day. Every day we use to practice 8th and 9th period. I woke up on Sunday at 5a.m and got ready for the school. In first they ignited the torch and we did the march past according to our houses. I was selected in 4* 100 m relay race and I was so happy. Our display was at the last and was the best. I got second prize in 4*100 relay race and our team was very happy. Our house got the runner up trophy. This sports day was my best moment of my school.

- **Aryan Nama**

Like a migratory bird, I moved from Velammal Vidhyashram to LWA school in the year 2018-2019. The journey has been very wonderful so far. The LWA is surrounded by the tiny hills, greeneries, chirping birds sound, fresh air and calm atmosphere that makes learning become very enthusiastic and exiting . The most memorable thing that happened in this school was Dussara program for special assembly which was done by our class students, in the said program we performed as "Navadurgas" and killed Mahishasura. This play was done by us perfectly and everyone watching in the hall appreciated us and my class teacher was very happy about our performance. That is one of the best memories along with my birthday celebration in our school which is completely different from my previous school. On my birth day at school, we cut the cake and got gifts from my classmates which is still fresh in my memory. My teachers are so kind and friendly with us.

These are the best memorable moments in my school and I really love it.

-

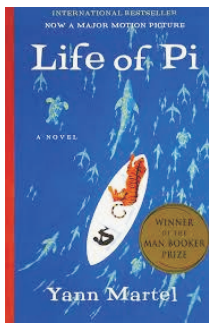

Sai Amritha . R

One of my memorable events in my school was our kreatura 2018, our Maths and Science exhibition. It was really a very interesting thing. Also students from other schools came to display their projects and certain schools also won prizes. There was also a sports exhibition which was good. Everyone was very happy on this day. There were lots of projects displayed. The amazing thing was that our computer science teacher Anita mam and few students did video editing which was awesome and everyone loved it a lot.

- **Dishika Chandiramouli**

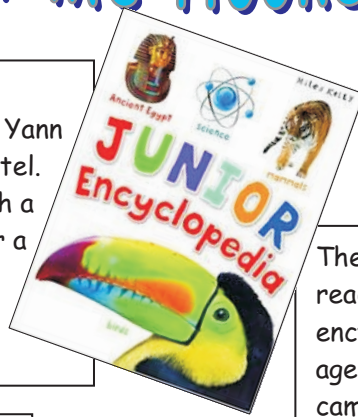

The Book Which Got Me Hooked to Reading

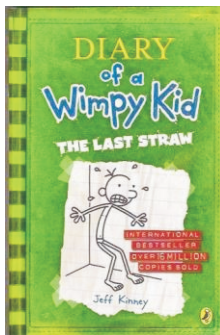

The book that got me hooked to reading is "Life of PI" written by Yann Martel. This story is about PI Patel. He spends his time on a boat with a tiger called Richard Parker after a shipwreck.

Paargavi- VII

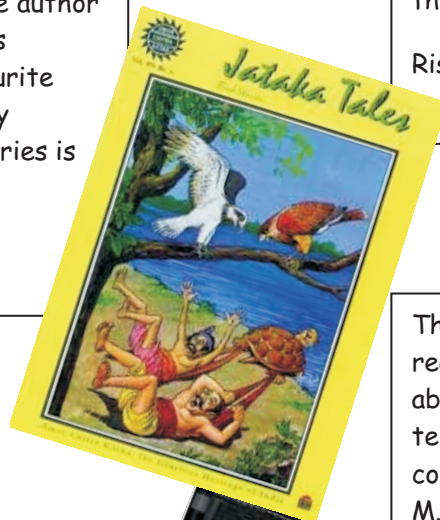

The book that got me hooked to reading was Myles Kelly's junior encyclopaedia. I bought it at the age of eight. I like it because I came to know about many things like dinosaurs, Rome, Egyptians, science, animals, birds, nights and the space

Rishabh Singh Chaudary - VII

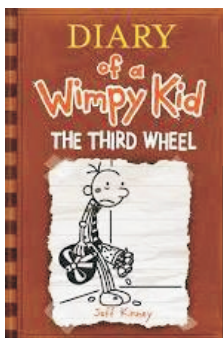

The book which got me hooked to reading is Diary of a Wimpy Kid. I like it because the author writes the books like his personal diary. My favourite character is Rodrick. My favourite book in the series is the last straw.

Ajay Srinivasan - VII

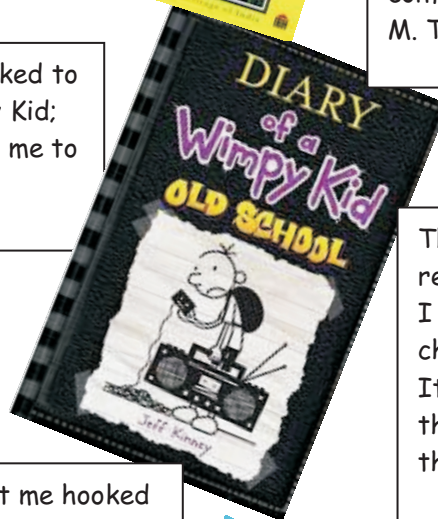

The book that got me hooked to reading is Jakata tales; it is all about animals who think cleverly, it tells us that we should not be over confident.

M. Tishal - VII

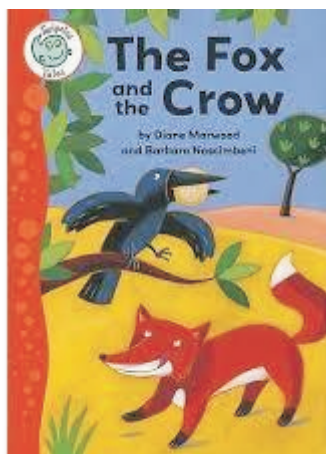

The book that got me hooked to reading is Dairy of Wimpy Kid; it's my first book that led me to the reading habit.

Buvan Karthik - VII

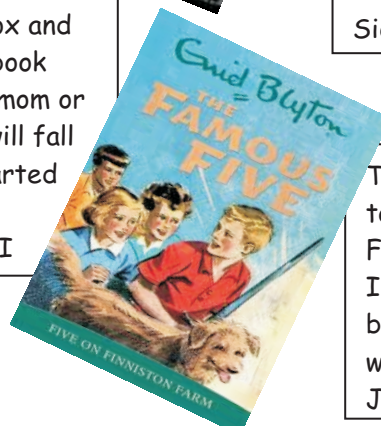

The book that got me hooked to reading is Diary of a Wimpy Kid. I like it because of the character called Greg Heffely. It was the first book I read in the series. Today I have read all the books In the series.

Siddhanth- VII

The book that got me hooked to reading was "The Fox and the Crow", I like this book because whenever my mom or dad read the book, I will fall sleep. That's how I started reading many books.

J. Vivian Osbo rn - VII

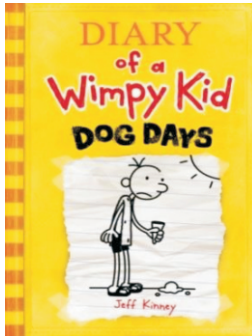

The book that got me hooked to reading was The Famous Five. I started reading it when I was 10 years old. I like this book because it taught me new words and moral values.

Jaini Anand - VII

The book that got me hooked to reading is "Kitty's Magic". I like it because in the story a small girl turns into a cat by whispering words into her necklace.

T.N.Samritha - VII

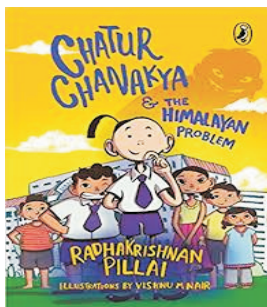

The book that got me hooked to reading is the Diary of a Wimpy Kid Dog Days. I like it because of the problems that Greg faces with his brothers and the friendship with Rowley.

Priyadarshini - VII

The book that got me hooked to reading was the secret seven .I liked it because of the mystery of the violin that is stolen and the house going up in flames. I also like the way the detectives solve the mystery.

Thanushri- VII

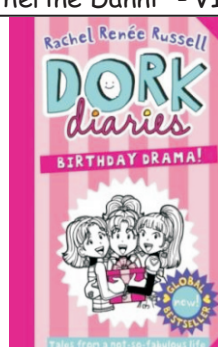

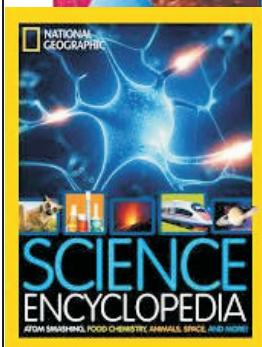

The book that got me hooked to reading is the chanakya and the Himalayan problem. I was a neglected and bullied child in the class. After reading this book I felt happy.

T.N Sulabha - VII

The book that got me hooked to reading is Sara Webb: disaster Area. I like it because Sara loves her family exactly the way when many disasters go through her life even though she has two mentally retarded siblings.

Catherine Danni - VII

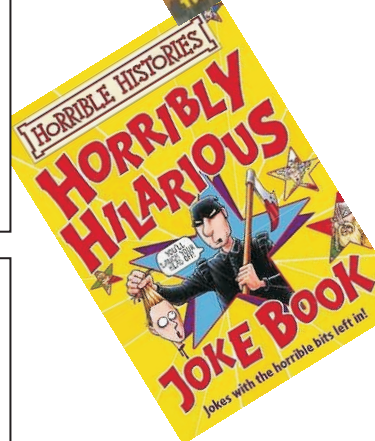

The book that got me hooked to reading is Harry Potter. I was simply fascinated by the thought of magic wand with immense power.

Sivani. N VII

The book which got me hooked to reading is the mystery moor. It all started with my birthday. When someone gifted me the book .I liked it so much and I started to read more story books.

Krsnapriya- VII

The book that got me hooked to reading is horribly hilarious. I like it because it is cruel and funny at the same time. My friend Mukund suggested me this book.

Liyan.k - VII

Before I never used to like
To read any book
I always made faces
Without even taking a look
But one day my aunt visited
With her a book she bought
I had to read a few pages
And I liked it a lot!
Then came another book
And a lot more ones to thrill
Till I had to buy another
shelf
The first had had its fill!
That one book changed my
mind
I'm grateful that I looked
Cause that book means so
much to me and now i am to
reading hooked.

Bhadra Variar - VII

The book that got me hooked to reading is Dork diaries, .I like the way how Nikki and her friends stop her enemy from ruining Nikki's birthday party.

Thvaritha. M- VII

The book that got me hooked to reading is the encyclopaedia. I like it because it has tremendous facts about animals.

G.Dhanesh - VII

MEETING MYSELF FROM THE FUTURE

CLASS - VIII

Meeting myself from the future
One morning I got out of my bed
and took a glimpse of myself at
the mirror "hopelessly my face
had many pimples on my
cheeks "I hissed sadly.

Suddenly I noticed a small
humming bird was coming near
the window . But it flew out . I
jumped out after it , but soon I
lost it . I sat down on the grass .
I saw a boy near the large tree .

He gently turned .

Hi! He said

Hi! You are familiar to me .

Have we ever met ?

"have you ever met yourself ?"

He giggled

"I don't understand"

" I am you from the future . Look
how much pimple have gone
from your face by now "

I watch him amazed ,but I
couldn't believe him that I got
rastrapati scout from the
president of my country . Finally
he convinced me

"tell me everything ! But wait
how did you come here "

" listen , I came here by the time
machine which invented and the
up coming years won't be easy
for you ...just be yourself ,don't
forget this and whatever

happens ,in a few years
everything will be fine " he said
"but why don't you say me that
what is going to happen ?"

"because a single word is
enough to change your whole
future "

Then he disappeared bypassing
the tree

A few minutes later, I saw the
humming bird again,which sat
on the branch , looking down at
me

- Manish D.

As I am 18 now, I can do whatever I
want. So when I was walking down
the street I was thinking about what
I can do. I saw a portal open when a
man came out of it and said 'Where
is Bryan?' and I said that I was
Bryan and asked him who he was.
He said that he was me from the
future and needed my help. He said
that in the future, the world was hit
by an asteroid and only he and
some of them were alive. So he told
me to go to S.T.A.R labs and press a
button that can open a secret
barrier that is indestructible. I did as
was he said and the world was
saved. He thanked me and went to
his timeline. This was the strangest
thing that happened to me in my life.

- Bryan

Meeting myself in the future

To hold long chiding conference
My lustrous the present tense An
strange reason in his seat To
dance with dream – enfranchised
feet In me the cave-man clasps the
sees .And garlanded apollo goes
Chanting to Abraham's deaf ear
In the me the tiger sniffs the rose
Look in my heart, kind friends and
trouble

Since there your elements
assemble

Nithin M.S.

Dear Diary,

Today my day was very
mysterious. As I got up, I went
to the bathroom and as I was
looking in the mirror I thought
when would I ever grow up. I
was brushing and my mind
was full of same thoughts.

So when in evening,
when I was sitting alone in the
community garden, 'a tall, dark
haired man' gently turned
around , and we both were
staring each other as I found
him familiar and I guess he did
that, because of the same
reason. I was getting more
scared as more as he was
nearing up. He stood near me ,
and I was ready to run but he
stopped me and asked "*Did
you recognize me ?*" I thought
it was because of the constant
staring . I replied "You look
familiar, have we ever met?".
He smiled and asked whether *I
have ever met, myself*. After
those words were in my ear I
was blank for a minute. He said
he was the me from the future,
yet I was blank.

The man has just come to give
me an advice and the advice
was "*Listen, the upcoming
years won't be easy for you
.....just be yourself, don't
forget this . And whatever
happens in few years
everything would be fine*".
Then I asked him why don't
you tell me what's going to
happen and his reply was
which I will never forget. It was
"One word about your future
can destroy it". Then I sighed
and blinked by that time he had
disappeared, I would never
know where he came from and
where went. But now the
advice was the most important
thing and I understood it well.

-Harshvardhan

We can meet ourself in the future by dreaming in the night and think about the next day what is happening? Most of us will only dream the future not the past is possible. People does not think about their future but without knowing ,we people only dream in the future. So, dream is what the future the we meet ourself. "meeting myself in the future is like listening to a song for the first time and knowing it would be the favorite."

- Thayanitha

13|12|2018

Today , I am very proud of myself. That's because of my invention for which the people were waiting for. That is the TIME MACHINE!! I am very happy and proud of myself. I even became the youngest inventor of the world. I am happy today that my dream is going to come true. But I don't know how to find myself in the future. But I hope that all the advanced scientific technologies would help me find "Me" so Lets jump into the future.

13|12|2026

Wow!! I can't believe it's Chennai, it's looking like a paradise. A city without pollution. Solar energy is the main technology being used here. But now, I have to find "ME" because I don't have enough line. But there were no means of finding "ME" so I googled myself hoping that I would be a professional cuber. And guess what? I found "me" . I live in Australia but I don't know how to get there. But there were some people who took me to Australia with them.

14|12|2026

It's one day from yesterday. We reached Australia. But now I have to find my house.

16|12|2026

My body is very weak but my soul is happy as I found "ME"! Now I am standing in front of my house. I feel very guilty to press the bell but somehow I managed to. Then I (Future) came out of the house. But , I was not surprised to see his face as I already googled him. Then we both started talking and never ended.....

-Kowshik

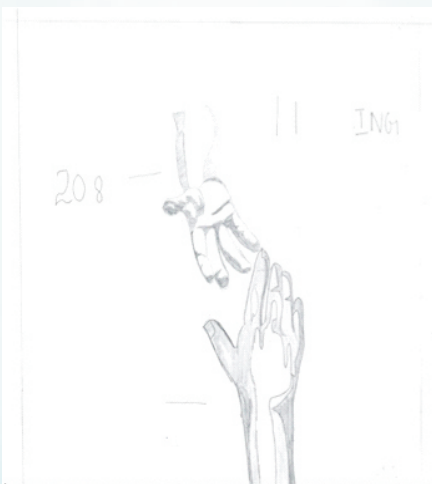

What I will become In my future :-

Everyone has a dream of what they will become in the future .so , I want to know about what I will become in my future and I invented the time machine by a great scientist which is my friend and my bestie . But I do not want to mention his name . And I saw myself in the future . I was a doctor in a hospital and I am specialist in problems related to nerves .

NAVARASAM CLASS IX

“The best and most beautiful things in the world cannot be seen or even touched. They must be felt with the heart” – Helen Keller

MYSTERICAL FACTS ABOUT YOUR EMOTIONS

Emotions are contagious.

Emotions are absorbed in the body in about six seconds.

Emotions are different than feelings – and moods.

Emotions are quite physical, as different body parts react to different emotions.

If you are sarcastic, chances are you have a good creative flare.

In fact, your facial muscles kind of control your power of displaying and detecting emotions.

Fear makes us actively use more muscles than we usually do, and you can actually smell fear, scientists say.

Dreaming helps to diminish the effects of bad memories.

Anger can make people physically sick.

-BY THIRISHA DARSHINI

DO ANIMALS GO THROUGH EMOTIONS JUST LIKE US?? Arriving home to be greeted by a yipping dog bouncing off the walls and a purring cat cuddled up in bed can bring a strong sense of happiness. Animal emotion is a complicated arena. Animals are capable of a range of emotions, such as happiness, sadness, empathy, grief, curiosity, anger, anxiety and fear. But if animals do, in fact, feel emotions, to what extent do they experience them?? This question keeps echoing in our minds<

TALES OF THE EMOJILAND

One fine day in the brain of Nithya<<;

Joy: Why are we here? I have a lot of work today like making people happy.

Sad: why are we even here? You are making me sad by calling me here<,,,; :(

Disgust: this place stinks <You know why we are here? To decide "The King of Emojiland "

Fear: the perfect candidate is here <it is me because I can scare everyone.

Anger: come on people decide. Hey, I can be the perfect because I can rule over people.

Joy: see I make people happy so only I am fit to be the ruler<

Sad: (with tears in the eyes) I am sad please make me the ruler.

Disgust: maybe< we can all be the rulers.

Nithya: stop making sounds in my head. I am the king of my emotions. I can only control you. Go to sleep...

All emotions together: ha ha < look who is talking. No one can control us we all are the kings of the land.

And after that the emotions lived happily ever after<;

<; THE END<;

-BY NITHYA J

THE BLAMEGAME OF EMOTIONS.....

Love leads to pain,

Pain leads to hatred,

Hatred leads to sorrow,

Sorrow leads to despair,

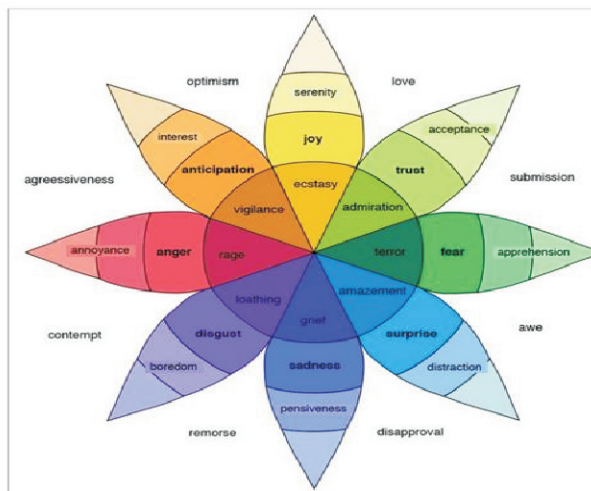

Despair leads to pleasure,

Pleasure leads to happiness,

Happiness leads to love,

Love leads to pain<!nd this is how emotions are interlinked.

-BY KAVYA SK

EGO-THE BURNING FIRE IN ME.....

Just a thought that hits me

What I have lost till today,

Looking at my dark past and seeing the friends I lost<

Looking at the walls that has got my fists upon

Makes me realize what I have done

Makes me realize why have I done

Because of the monster in me

Call it as the **EGO** of thee<;

Dear Hidden talent,
Where are you?
You are too hidden that i can't
find you..You say artist, singer,
dancer or writer,But I guess I
want to become a doctor!!!

I am like a 'jack of all but king of
none'Please show up, together
we can have fun.I want to be the
best at one thingWhen you show
up please text me or atleast
ping...!!

Yours sincerely,
Your owner-Reshma

..... a few days later.....

Dear Reshma,
I am right here within you..
You just try out your hobbies
that too only a few..to find me,

Self discovery is the key..
Ask yourself" what do you want
to become?"While relaxing and
thinking deep sitting at your
home
It's not hard like learning
Greek,
But the answers may not be
what you seek...They can be
unique or weird,But i am sure I'll
help you buy your daily
bread.Only if you want to make
me (hobby) your passionAnd
pursue me just like everyday
fashion.

Yours sincerely,
Your hidden talent(s)

-Reshma

A CONVERSATION WITH MY HIDDEN TALENT CLASS X

~~~Sleeping Beauty~~~

Every single person in this world  
has a talent. It might be hidden  
or sometimes revealed. In my  
case, yes, as guessed it is  
unknown. I've always had an  
aptitude for 'sleeping'. Coming  
across this word, a feeling of  
relaxation and calmness passes  
on me like the rustle of a tree,  
no words can explain the  
wonder! Soothing into my body,  
stealing the stress off the  
muscles, making my eye lids  
heavy and enlarging my world by  
landing on the ever precious  
dreamland. I speak of it with a  
sigh, like a brushstroke of  
colour on grey.Aah, the  
nostalgia... But I couldn't hear.  
Fortunately, at that time, the  
fuse had tripped and I started  
to sweat. The burning smell  
settled in the air and I, at last,  
woke up at that. This proves  
that I have a very natural talent  
I sleep like am running out of  
time. Nobody can wake me, even  
the annoying morning alarms.  
Once, when my family had gone  
out and returned late, I'd fallen  
asleep accidentally. They had  
come shortly after and had  
continuously rang the bell. But I  
couldn't hear, they kept ringing  
and even banged the window  
to sleep!

~M. Kavya

Hidden Talent

Many a times I've heard  
them say,  
An attempt to try would pay  
'Reveal your talent that's  
hidden and forgotten'  
That's what they say !

So I sat down to write,  
And much to my delight  
The words did glide,  
Off my mind.

It had a life of its own,  
A story did evolve ,the  
words unknown.

And when it was time to  
close,  
I had a smile  
Yes! It's mine.

-N.S.Harini

Art by  
Akshay Dutt

"I have no hidden talent. I am only passionately curious" ~ Albert Einstein.

Human beings are made up of a wonderful yet unique blend of qualities and attributes - lots of interesting parts that make up the whole. A talent is one of these parts.

Being in India, many hidden and surprising talents have gone unrecognised. India has always been appreciated for its educational system. But in my opinion, it's clinically wrong. Our educational system has always stressed its importance on marks and memory power. And talents have been recognised as a pass time or rather additional features. People judge a person by how much he scores rather than his talents and skills. Students strive for marks that are used just to filter aspirants when it comes to hiring for jobs, considering only their talents and skills.

Hence people who excel in the fields of arts are the people who should be appreciated rather than those who stream line their minds just for monetary gains in the fields of engineering and medicos. And making people believe that talents do have benefits as career. The current educational system has led to a waste of lot of talents that could have actually put into better use. Hence vocational education and training to develop ones talent is what is required in today's world.

So best hope to success is follow these lines-

"Human tragedies: We all want to be extraordinary and we all just want to fit in. Unfortunately, extraordinary people rarely fit in."

— [Sebastyne Young](#)

Art by  
Mohanish

A talent (or gift, or aptitude) is the skill that someone has to do something very well that people usually like and that is difficult. It is an ability that someone is born with. People say they are "born with a talent". Someone who has talent is called talented. Talented people may have more than one talent. Skills people commonly value as talents are entertaining, beautiful, or impressive for a different reason like Music, dancing, acting or sports. Even if someone has talent they may still have to work very hard if they want to perform well. Some people become quite good at something even if they do not have much talent, but if they are willing to work very hard at the skill. Hidden Talents Everyone is talented at something. It may be sports, drawing, playing a musical instrument, or writing. Some people discover this almost instantly, while others do not realize it at all. Either way, everyone is talented at something. But what's worse than finding out you are talented at something, even if at a late time in your life? However big or small it may be, the saddest thing in life is wasted talent.

## *KREATURA - The Creation '18*

Kreatura- The Creation '18, an Inter School Science Exhibition and competition, was organised on Saturday, 17th November, 2018, by the Light Workers Academy (A School by Uniworld Foundation Trust, formerly Delhi Public School).

The objective of the exhibition is to instill scientific temper, inquisitiveness and curiosity in the young minds by means of showcasing their talent and creativity. The Exhibition was inaugurated by the guests of honour , Dr Binsu Kaliath, Dean (Academic) and Dr S.R. Pandian Dean (Planning) of IIIT D&M Kancheepuram. They emphasised that by means of experimentation, projects and practical application , the student gets an opportunity to explore and learn concepts in a better manner.

The Judges were Dr. ShreeKumar Dean (Faculty) IIIT D&M, Mr. Durga Prasad (Former AP university asst.Professor), Mr. Sathish kumar and Mr. Ramarajan (Research Fellows).

The event saw working and still models and exhibits from the 12 participant schools and the host school. The Math corner and Science in sports corner exquisitely added the right flavor to the exhibition.

The cultural events consisted of song and dance that showcased mother earth and the five elements of nature and life source.

IIIT D&M Kancheepuram displayed some projects and exhibits by their Teaching Learning Centre(TLC).

The valedictory ceremony included a video presentation about the day @ Kreatura '18 and prize distribution. The event was very highly appreciated by the parents and all visitors.

45 projects were exhibited by the invited schools and 55 projects from LWA. The First prize was won by Maharishi Vidya mandir, Chengalpet for their exhibit on Plant E energy collection and conservation, Second prize went to Vellamal Vidyashram, Mambakkam for their Eco friendly Robo and the 3<sup>rd</sup> prize was bagged by Govt. High school , Kandigai for their model on smart village proposal . Nearly 800 people and 300 students visited the models from 11am to 3 pm. Maths corner

was organized by maths department with participation of 49 students. Sports corner was organized by physical education department associated with Rite Stride with 16 students. All parents and external school teachers gave their valuable feedback and appreciated the event. The programme was concluded by Dr. ShreeKumar with his motivational speech and Prize distribution.

**THE TRUE SIGN OF  
INTELLIGENCE  
IS NOT KNOWLEDGE  
BUT  
IMAGINATION**

**- ALBERT EINSTEIN**

# THE BHARAT SCOUTS AND GUIDES

## Lightworkers Academy Scouts and Guides Group

### Pallava Mandalam District

Scouting and Camping gives more fun experience and training to be away from home and also gives freedom to work and make the boys and girls hardworking and responsible. It gives them freedom to think independently and take their own decisions during times of trouble. This training inculcates self-discipline, community service, self-confidence, cooperation, moral character, team work, punctuality, time management and perseverance. This indirectly helps to develop the personality of the students and make them a full-fledged individual so that they could take responsible positions in the society in future and help towards growth of our nation.

# VISIT TO “LITTLE DROPS”-OLD AGE HOME SOMAMANGALAM.

To commemorate the birthday of “Lord Baden – Powell” on 22 February Our Scouts and Guides of **Lightworkers Academy Scouts and Guides Group, PallavaMandalam District** visited “Little Drops”-Old Age Home Somamangalam.

The contributions donated by our school which included provisions worth Rs.57,000 was handed over to the Little Drops management after which our scouts and guides and Class IX visited the inmates of the old age home and shared their gifts and respects. A special programme was presented by our scouts and guides and Class IX which included songs, speech, dances and skit to cheer up the elderly and make them happy.

This visit was very meaningful because children thought this was a pleasure trip but realised that this was a trip more of social service and self-realisation as they were touched with the plight of the elderly who were missing the loved ones in the home. It was hard for them to believe, how people could leave their parents or grandparents alone. Many of our children could not control their tears after seeing the inmates.

The best part of the visit was bringing happiness and cheer in the face of the elderly and making a promise that we would visit them again whenever we have time and in future will take care of our parents and grandparents ourselves so that there are no Old Age Homes.

Visits like this inculcates social responsibility in the minds of children to be more caring towards their parents and the elderly, moulding them to be respected personalities in the society.

## *The Robotics and Innovation lab*

The Robotics and Innovation lab at the Lightworkers Academy, is a flagship project of the School in collaboration with the Teaching Learning Center (TLC) of IIIT D & M , Kanchipuram, to spread Robotics education in schools.

Robotics And Innovation lab is a holistic approach to (i) Impart theoretical and programming knowledge to students through workshops, (ii) provide hands-on experience to students through an online Task Based Training (TBT) and (iii) help students set up their own Robots .

The lab was inaugurated by Dr. Banshidhar Majhi, Director, IIIT D&M . Dr Majhi and Dr S R Pandian , Dean (Planning) IIIT D & M, addressed the students and parents .and wished the School andd the Robotics and Innovation lab a great success.

Dr Pandian highlighted the social impact of robotics technology.He shared information about various training programmes and competitions for robotics to be held and encouraged the School to actively participate in the same. .

Mrs. Santhi Swaminathan, Principal of LWA, welcomed and thanked the dignitaries for their presence and support to this initiative.

## SOCIAL SCIENCE

*I hear and I forget. I see and I remember. I do and I understand - CONFUCIUS*

Social Science lab acts as an activity room for pupil-teachers as it combines academic experience with worldly knowledge, making learning effective , lively and fun. This lab provides children to increase their cognitive development and cooperative learning . The youth pathfinders investigate , understand and analyse how social science is beneficial in day to day life.

Social Science Lab includes Model United Nation (MUN CLUB) for educating the students in basic MUN concepts through training, activities, discussions and MUN simulations. It is an academic simulation of the UN designed to help students understand diplomacy, international relations and working of the UN itself.

Social lab helps in reshaping the environment of the class, giving an opportunity to go beyond the school and preparing them for the future civilian.

# MATHEMATICS CORNER

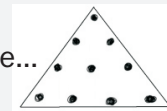

Mathematics... the pulse of the world, where every second counts....

Who invented gravity? Sir Issac Newton!! Yes Immediately all will say... but what is real... the liitle genius of Lightworkers Academy's Maths corner was loaded with all kids of puzzles, math tricks and about our Indian aacharyaas contributions to the field of Science and mathematics.

It was Baskaracharya II who said 500 years before Sir Issac Newton about the force of attraction of planets In his treatise "Siddhant Shiromani"

The Maths corner highlighted fun games and including the children and their parents and grand parents actively participated in the fun games and even the mathmagicians of LWA given sweets for the winners...

Just try... Take any three dots and try to get the invert of this shape...

Mathematics... area where... tonnes of Fun and learning...

## READING CLUB

Reading club is wonderful way to engage students contribute to the reading culture at school. We at LWA strive towards achieving overall development in our students. Keeping this in mind, the 'Reading Club' was introduced for the students of class IV to VIII. Month -wise themes like Shakespeare, Enid Blyton, Ruskin Bond were assigned to them and students spread their wings in exploring the topic in depth. Apart from this other activities like Debate, Quiz, Group Discussion and Group Reading were also conducted.

LWA was also a part of the 'One Nation Reading Together' initiative by scholastic, wherein all the students spent about half- an- hour reading books apart from the daily regime.

# Eid Ul Fitr

Eid Ul Fitr marks the end of the Ramzan fasting period and is celebrated with prayers, gifts, dancing, festivities and religious rites. Students participated enthusiastically in the celebration to make the programme vibrant and lively. They expressed their gratitude to Allah for showering His Mercy and Bounties and understood the significance of the festival by celebrating the day with joy.

## Ganesh Chaturthi

Vinayaka Chavithi also called as Genesh Chaturti is a [Hindu festival](#) celebrating the birth of [Ganesha](#). It falls in the months of August or September of the [Gregorian calendar](#). The festival is marked with the installation of Ganesha clay idols privately in homes, or publicly on elaborate [pandals](#). The festival celebrates Lord Ganesha as the God of New Beginnings and the Remover of Obstacles as well as the God of wisdom and intelligence. The students of Class IV .A celebrated this festival on 11 September 2018 through special assembly. The children danced and they delivered thoughts and speeches. They enjoyed a lot.

# Hindi Diwas

14th September is celebrated as Hindi Diwas across the country. In 1949 on this day, the Constituent Assembly of India adopted Hindi as the official language of the Republic of India and from then it is celebrated as Hindi Diwas every year.

Hindi Diwas was celebrated at Lightworkers Academy on 14 September 2018. Hindi Diwas was celebrated to inculcate love for the Hindi Language and get knowledge on importance of the Hindi Diwas. Through a special assembly in Hindi, children were made aware that Hindi plays a significant role in connecting the citizens of India. The boys of class V A enacted a skit highlighting the importance of the language and the girls grooved to a catchy tune and gave a heart winning performance.

# Janmashtami

Janmashtami, the birth of lord Krishna was celebrated with full of festivity by class I B. Some children came dressed as Radha, Krishna, Devaki and Kaliya while others wore colorful traditional dresses. The children sang songs dedicated to lord Krishna and they enacted the life story of Krishna through dance.

# Gandhi Jayanthi

In continuation of the 150<sup>th</sup> Birth Anniversary celebrations of our Father of Nation Mahatma Gandhi, class IX students through their dance drama brought back the incidents happened in Gandhiji's life. The performance of the children made the air filled with patriotism and touched every one's heart.

Awareness of teachings of Gandhiji's Non-violence, Ahimsa, simplicity, his fight against untouchability is of utmost significance to the future generations and that remains the reason why still all over the world even after 150 years this great man is remembered.

## Republic Day

26th of January is a gala day for every Indian. On 26th Jan. 1950, the Constitution of India came into force and our country, India became the Republic. We celebrate this day as a festival every year. Class III A and III B students dressed up like our national leaders and gave speech about the leaders and their contributions to India. The significance of national symbols of India were explained by the students with pictures. An excellent dance was performed by the students based on patriotism. Patriotic poems were recited by students in English and Hindi.

# Christmas

And know that I 'am with you always, yes to the end of time. Every gift which is given, even though it be small is in reality great, if it is given with affection, Christmas is the perfect time to celebrate the Love of God and family and to create memories that will last forever. Students of class Nursery made the day joyful by presenting special choir song in various languages like Tamil, English and Malayalam and also displayed a wonderful dance.

The students of class III B enacted a skit where the magic of Christmas is not in the presents but in his presence. Christmas assembly by both Nursery and Class III B was an incredible inspirational display.

# Dussehra

Lightworkers Academy celebrated 'Dussehra' with great fervor and devotion. India is known as a land of festivals & celebration and 'Dussehra' is one of them which has been unique in its perception and significance. Parents were invited to become a part of celebration where they encouraged our passionate and confident performers with their presence. The students of class VI B presented a beautiful dance on Navadurga which made the day delightful. Everyone seemed to be in a state of absolute bliss.

# Animals Day

Animals have been of great importance in our lives; providing us with a lot of useful things of which the most precious one is their love. And we, the students of class 10, presented an assembly on the topic 'animals day' to spread awareness among our fellow schoolmates about the threats and dangers animals have been facing for centuries. We created a video to show more palpably how they are tortured by the cruel hands of humans largely influenced by sheer greed. In addition to that, we exhibited a skit on forest fire, often sparked by the arrant carelessness of human and the struggle and fear faced by wild animals due to that. It was also to emphasize the mercifulness in some people who care for those innocent victims of mankind. We had some passages highlighting this issue in English, Tamil and Hindi. This assembly proved to be a success by the combined efforts of my classmates and teachers. On the course of practice, we had an incredible amount of fun and become quite concerned about the significance of animal life. Altogether, the assembly helped us to develop a thoughtful streak of apprehension towards the many endeavours met by our Mother Nature and her children.

## *Independence Day*

## *Grandparents Day*

# WORLD HERITAGE DAY

The four corners of the India and its heritage. It was a weird to consider that children of this generation don't see religion as our grandparents did. The main reason being that most of us are educated and know how things work through science and not religion .Anyway, we chose the main centers of culture and heritage and finally decided upon four states located in the four directions of our country- Nagaland, Rajasthan , Odissa and Uttar Pradesh. We started preparing the dance first as we knew we won't get much time as our exams were closing in.. Different groups performed traditional dances of various states. Speeches by the students of our class revealed the beauty and significance of cultures and heritages and the reason we must respect and preserve it. .We loved roles which we played and tried our best to put forth a good assembly about The Indian heritages.

# Teachers Day

"It is the supreme art of the teacher to awaken joy in creative expression and knowledge." This quote, rightly describing the role of teachers in our life, was quoted by Albert Einstein. Teacher's day is a very important day for every student as they get to thank their mentors for all the hard work and effort they put in to shape their personality. A special assembly was conducted by the students of class 7 and 8. They entertained the teachers with a dance performance and a stand-up comedy. Students, dressed up as teachers, took the place of teachers. Children also witnessed teachers participating whole heartedly in the various games and competitions set up by them.

# Earth Day

World Earth day, created to celebrate the planet's environment and raise public awareness to protect the Earth, was celebrated in a way no one could forget. A special assembly by Class 7 topped it all and much to nature's delight, a tree was planted. The special assembly started off with a beautiful nature-provoking song of this day. Everyone was inspired by the thought to do something for the nature. A theme group dance replenished the spirit of those present. The dance, based on the five elements of nature, was a colourful one with the five elements truly exhibiting their presence in the nature. It was based on the demeanour of humans and their deeds. It portrayed Earth's bearance of the wicked deeds done to her and at last, how she warns them of her power to even destroy them through earthquakes and other calamities, yet showing her love towards her children. It beautifully ended with Mother Earth holding a flower pot and the splendor of nature surrounding her.

# Pongal

Pongal, the harvest festival of Tamil Nadu was celebrated by the students of class VI A with great festivity and joy. Our Principal inaugurated the festivities by lighting fire to the earthen Pongal pot which is symbolic of prosperity. The morning assembly started off with a traditional song followed by speeches about the significance of this festival. Traditional games and folk dances added a rural flavour to the day. Worshipping the cow as part of 'mattu pongal' was a ritual loved by everyone. Sweet pongal was offered to the sun God and distributed to the parents and students. Lastly, the decorations around the place added a colourful fervor to the day.

# Rakshabandhan

Raksha Bandhan is celebrated every year on the full Moon day of Shravana month but the date on which it is celebrated every year varies. It is one of the most endearing ways to celebrate bond between brothers and sisters. The students of class III A enacted the mythological story of Krishna and Panchali to bring out the pious relationship of a brother and sister. To strengthen this bond and to bring home its significance, Rakhi was distributed to whole school which was made by class III A students.

# Yoga Day

The Light workers Academy School, at Uniworld City, Nallambakkam, celebrated International Yoga Day on 21<sup>st</sup> June, 2018 by organizing an Yoga session . Students performed SuryaNamaskar, Trikonasana, Sethubandhasana, Gomukhasana, Dhanurasana, Padmasana and Pranayama and meditation. The day created an awareness about how Yoga helps to rejuvenate and invigorate our lives with fresh thoughts and positivity. The students and faculty were motivated to practice Yoga regularly for a healthy mind and body.

# *Sports Day*

The background of the entire page is a soft-focus photograph of cherry blossom branches with pink and white flowers against a light blue sky. The title is written in a large, black, serif font, slanted upwards from left to right.

# Lightworkers Academy becomes a member of Japan – Asia Youth

Understanding the importance of science and technology as a key engine for a prosperous youth, Japan - Asia Youth Exchange Program in Science (SAKURA) was organized. A team of six students and two staff members from the Lightworkers Academy (A school by uniworld Foundation Trust) , Uniworld city , Nallambakkam, were fortunate to be a part of this collaboration. The program was administered by Japan Science and Technology Agency and was run by Nagasaki University from March 8<sup>th</sup> to 15<sup>th</sup> in 2019. The program aims at opening the doors of education and employment to the Asian youth.

The students were exposed to industrial visits, business proposal presentations (Business Kunchi) by Nagasaki University students and group discussions. The most memorable day came when they met the survivor, Yoshiro Yamawaki, of the Nagasaki bombing. A visit to the peace memorial and a group discussion based on the contribution of youth towards world peace was really the need of the hour. The cosplay and the Indian cultural performance by the students was enjoyed by the Japanese hosts.

The team got to meet the Mayors of Nagasaki city, Unzen City and Hasami City .The sponsors for this initiative were Mitsubishi, The Eighteenth Bank, Nakamura (Manufacturer of fire extinguishing tools), Shin Nagasaki Seisakusyo (Metal Product Processing Unit) and Kato Pleasure Group.

The team that represented the school had a unique learning experience and was really inspired by the innovations of a country which flew up like phoenix from the ashes. Being honoured to be a participant of this program, Lightworkers Academy, has now become a privileged member of the Sakura Science Club and will be an ambassador for the India- Japan collaboration.

## SNAKE IS A VICTIM AND NOT A DANGER.

Snake is a victim and not a danger. Have you ever noticed a snake moving on a road on its own way?. Snake's natural habitat is in the forest and we destroy it to build our homes. We often notice snakes in the garden, park, road, playgrounds etc. Have we ever thought why do they roam outdoors without friends? It is because of us, yes they roam around like an orphan because we destroy their homes.

The snake does not do any harm to us until and unless we disturb it .It goes on its own way in search of food and water .A snake naturally is harmless, when we go and disturb a snake which carries vemon, it tries to

defend itself by spraying some of the vemon and tries to escape. But it is completely opposite for a non venomous snake .It tries to just escape without any hope. Unfortunately most of them die in our hands and a few which are really lucky will escape.

Here we trouble a snake and the poor creature has no offense. The snake is a victim and not a danger. But it does not happen always, it may be quite opposite in some cases if the snake is angry then there is no hope for us to live. If we are really lucky we may have chance to live our life.

But one thing that we should not forget is that, we all are same as we are born to the mother Earth.

-Deepti Sri .N (IX)

## A RAINY DAY

It was a rainy morning. When I opened my eyes, the room was dark, and I heard the rain drops dripping from the window. I wanted to do something adventurous that day, in the marshy and the muddy terrain of monsoon. Before starting my day I had a rejuvenating cup of coffee. Just then, an old friend rang up. We met and planned to go to the other side of the river that ran behind our flat. Old people who lived near the river told that there were spirits on the other side of the river and warned us not to go there. But, we became more curious after hearing their advice. So we went there. To my surprise, there was a meadow with lush green grass and some squirrels running here and there. One squirrel just sprang up on a tree and jumped into the

bushes. Water vapour was rising up behind the bushes. I just cleared my way through the bushes and I saw a natural hot spring. I understood that people mistook the water vapour for spirits. We reached till the hot spring and solved the mystery. So it was time we rewarded ourselves with a hot bath. It was evening already and we saw the sun set as we packed up. The experience was just like having a bath in a luxurious onsen [(温泉) Japanese hot spring] in Japan, The land of rising sun.

-Sriraam (VIII)

#### Pizza

When it comes to my favourite food hands down it is pizza. From the moment I hear the doorbell ring my taste buds get excited. I listen to my mother's soft steps as she walks "get while it's hot". Once I am in the

kitchen I can't stop my mouth from watering at the sight of the flaky brown crust. The big red pepperonis look like rafts sitting on the surface of the majestic sea of cheese. As I lean over the box I can't help but take in its heavenly aroma. The fresh scent of the sauce tickles my nose. As I sprinkle on red peppers the new spicy smell kicks my hungry into overdrive. Then, as pick up my first slice I get goose bumps. As I feel the soft texture when I grab my first slice makes my heart race. The warm of the grease as it drips onto my hand burns so good. Finally as I bite into temptation it's like I'm on another planet. One filled with a hot delicious taste that warms my body with each bite. The spicy kick that makes my lips pucker with every delicious bite send me soaring with the stars. Without a doubt no

other food can compete with how amazing pizza is. A.

-Raghunandan(VIII)

#### AMIT AND SOHAN'S STORY

There was a poor boy whose name was Sohan. He was poor but hardworking. His father was a farmer who was also very hardworking but had very little money. Sohan's dream was to become a big business tycoon like his best friend Amit's father. Amit was rich by both heart and money but was poor in studies. Sohan and Amit were friends from the age of 2. They were so close that one would mistake them as twins. Everything they got, they shared even their parents' love which is very special to every child. They studied in the same government school.

"Hey Amit, how are you?" asked Sohan while doing his

classwork."Saw you after a long time, I'm fine. How about you?" "Just fine" replied Sohan grinning widely to see his friend come back from holidays. Thus they started their conversation which lasted for hours. This can tell how close they are. They studied together. Time went so fast that they didn't realize that they were fifteen and passed tenth." Oh my god, time has passed so quickly" complained Amit. "Yes Amit it just went like a blink of the eye" replied Sohan with the same sadness. The day after that Amit's family was moving to town for Amit's higher education. Amit and Sohan wept for a long time but they knew time has come for them to separate for each other's benefit. "I promise to meet you after 10 years exactly from now." yelled Sohan as Amit's car

left. After ten years, however, Sohan forgot his promise he became a big business tycoon as he had dreamt. One sudden day, as he was taking interview he came across a man who reminded him of someone from Sohan past. But Sohan didn't figure out who. The man sat down and said his name. His name was Amit. Thus the story ends by Sohan fulfilling his promise. "If a person is born poor it is not his fault but if a person dies poor it is his mistake."

#### A VISH TO THE LAND OF ILLUSIONS

Few days ago, my family and I went to Rajasthan to visually experience the life in Thar Desert. The desert shows endless valleys of sand, mounting up & sloping down, formulating amazing views especially when you get

the chance to see sunrise or sunset. The unusual flora and fauna at Thar Desert blew our minds. We witnessed quite a variety of cacti species along with other trees like Acacia etc. We were told to wear shoes as snakes were quite common there. We heard some hissing noises and tried to stay alert for snakes. We also spotted Chikaras, Camels, and Blackbucks etc while we were surfing desert valleys. The afternoon sun can be unbearable but morning and evening weather was surprisingly cool. We took camels to ride and explore as it was quite difficult to walk on sand for a long time. Sometimes, we saw sparkling water from a distance but when we reached that place there was only sand. My father explained me about this illusion and the science of "MIRAGE ".We kept

feeling thirsty every now and then, so we kept sufficient water with us. But we had to refill our bottles after every couple of hours. So we stopped at oasis to fill them. There we were thrilled to see Rajasthani folks wandering around the place. Some of them were dancing and some of them entertained us by their chats and performances. The adventures of Thar have spun some wonderful memories for me to cherish forever. I can never forget this trip.

#### THE BEST MONSOON DAY OF MY LIFE

I woke up by those sweet patterns of rain on the window. I went out and saw the first monsoon rain and because of the rain the earth was sweat and the smell of the wet earth in the early morning made my day.

Just like an ordinary monsoon you find yourself very lonely in the dark weather with several layers of cloth. So to spend my day I was ready to complete four or five levels of a video game. I sat down with a mug of hot coffee and some snacks, with a full mood, and the room locked so no one disturbs me. No sooner coffee was over then the current went off and I felt very desperate as my complete mood and setup went futile.

So, I went out and saw my sister curiously sitting next to my grandma. They sat in the room near the balcony, and where the balcony door was open, so the tiny, wet, fresh raindrops refreshed the melancholic day. I asked my sister what was going on and she told the grandma was telling about her childhood memories. Even I joined them in

the conversation, got to know about the golden period of my grandmother's life, about the weather, the people, and many other fun chores they did. That day I was in touch with the nature and golden old memories of an old woman.

**-Harshvardhan Singh  
(VIII)**

If I were invisible, I would search for someone who is going to a shopping mall. I will climb in their car and buy different coloured sprays from the market. Then I'll climb on the top of the bus and go to beach and build a huge castle and spray it, shocking everyone in the beach...

**- Sai Jeevanathan.  
(IV B)**

If I were invisible I would go all around the world and see their culture. I will help people who are poor. I will go to all the waterfalls and see. I

will go to the islands and see what all is there. I will play on the beach. I will go to the jungles and play with the animals. I will go in a ship and see the oceans. I will catch fish over there. Then I will return home and play with my friend!

- K. Sanjana(IV B)

For someone who badly wants to disappear for a while, being invisible for a day would be a blessing. For a day I can do whatever I want. I would like to mess around with people and scare them. I would sneak into a chocolate factory and I would get lost in the lake of chocolates, which would be the most wonderful thing for a chocoholic that I am!

- Shaik Habibur  
Rahaman(IV B)

### WHAT BELONGS THE TO THE OCEAN, RETURNS TO THE OCEAN!

Summer holidays and a trip to Goa! What more could anyone want? I was swimming in the sea when suddenly a bottle came floating towards me. I was about to catch it. But a naughty wave pulled it back into the ocean. Almost as if though it were saying -"My property. I would appreciate it if you returned it back."

The imaginary yet amusing thought brought back to my mind the saying what belongs to the ocean always returns to the ocean."And all of a sudden an avalanche of memories came crashing down upon my mind. And I slipped back into the past. I was a child again. I was little Tara playing in the Besant Nagar beach. The waves used to fascinate me, even back then. So I was

standing on the shore. The waves crashed into each other, sending off a spray of salty water. I caught some water on my tongue. Suddenly something came and nudged at my feet. I looked down to see a shell. A small conch shell.

But just before I could pick it up, a bigger wave came and washed it away. I was disappointed. A few seconds later the same conch shell came and nudged my feet. But this time there were no rogue waves to take my shell away. I happily skipped off. I had got my shell. Later I started building a castle and conch shell on top. I ran up to my mother to show my prize. But when I came back my beautiful castle had disappeared. And my conch shell too. I got really angry and started throwing fists of sand at the sea. I was a small girl back

then and little did I know that the sea wasn't affected by it.

I had a screaming fit at the sea while my parents were having a laughing fit. Some while later when I'd calmed down a little, mum came and told me -"Tara , look, whatever belongs to the ocean will always be with the ocean.""But can't the ocean give one of it's thousand shells?" I asked."Why don't you try asking the ocean itself? Came the suggestion.

And, I really did. I asked the ocean. But all the ocean did was send a bigger wave into my face. My parents burst out laughing. So did I. Later when I was leaving for home, I glanced at the ocean one last time and sighed. I started walking back but waves lashed at my feet. Something nudged my heel. I turned around and let a delighted

gasp. It was my conch shell. I whispered a silent thanks to the ocean. It had listened to my wish. I threaded it onto a string and wore it around my neck. It was only a conch shell, but to me it meant so much to me back then, it meant so much to me. "Mummy, quit dreaming and swim back fast!" My seven year old daughter's voice bought me back to the present."Coming!" I called back. I touched the shell that hung around my neck. I removed my necklace and unstrung the shell from it."I took it from you. I had it with me all these years, but .....it's still yours."I threw the conch shell as far as I could into the ocean. Suddenly a huge wave came and lashed out on me, as if the ocean itself were hugging me.

-Sivani.P.Nathan  
(VII)

#### IF I WERE INVISIBLE

I will read the whole day without having to bother about time, I will surprise my brother by holding his aeroplane in the air and he will think it is flying. I will have fun by taking the life out of my irritating friend, I will enter the kitchen and eat all the junk food, I will make a sad person smile, I will scare my dad by pulling his leg, It's my dream to be invisible. Though I know I cannot...

-Feba Susan Jibi (IV)

If I were invisible, I will be glad,

If I were invisible, I will be helpful,

I will do some magic, I will surprise others,

I will make others laugh, But, ha, ha, ...

I will not use my invisible power while playing hide and seek with my friends.

- S. Karthikka (IV B)

### கண்ணனின் கனவு

ஒரு சிறிய கிராமத்தில் கண்ணன் என்னும் ஏழைச் சிறுவன் ஒருவன் இருந்தான். அவன் பெற்றோர் கல்வியறிவு அற்றவர்கள். விவசாயம் செய்து வந்தார்கள். கண்ணனுக்குச் சிறுவயதிலிருந்தே படித்துவிட்டு சென்னை போன்ற பெரிய நகரங்களில் வாழவேண்டும் என்பது கனவு. அவன் தன்னுடைய கிராமத்தையும், விவசாயத்தையும் வெறுத்தான். நகர வாழ்க்கையை அவன் விரும்பினான். ஒருநாள் அவன் தன்னுடைய கிராமத்தில் நாகரீக தோற்றம் கொண்ட ஒரு பெரிய மனிதரை சந்தித்தான். அவரிடம் நட்பு வைத்துக் கொண்டால் தன்னுடைய கனவு நிறைவேறும் என்று எண்ணினான். அவரிடம் மெல்ல சினேகமாகி தன்னுடைய கனவைப்பற்றிக் கூறினான். அவர் அதைக் கேட்டுச் சிரித்தார். அவனை அழைத்துச் சென்று தன்னுடைய கணினியில் குறும்படம் ஒன்றை காண்பித்தார். அதில் மக்கள் அனைவரும் உணவுக்கு பதிலாக மாத்திரிகளை சாப்பிட்டார்கள். ஒரு சொட்டு தண்ணீருக்குக் கூட அலைந்தார்கள். நல்ல காற்றை சுவாசிப்பதற்காக ஏங்கினார்கள். எங்கு பார்த்தாலும் மரங்கள் இல்லாமல் பாலைவனம் போல் காட்சி அளித்தது. அவர்களின் வாழ்க்கை முறை மிகவும் கொடூரமாக இருந்தது. திகைத்து நின்ற கண்ணனைப் பார்த்து அவர் புன்சிரிப்புடன் " நீ கனவு கண்ட எதிர்கால வாழ்க்கை இப்படித்தான் இருக்கும்" என்று சொன்னார். இதை கேட்டு அதிர்ந்து போய் ஏன்? என்று அவரைக்கேட்டான் கண்ணன். அப்போதுதான் அவர் விவசாயத்தின் நன்மை பற்றியும், இயற்கை வளங்களை எவ்வாறு பேணிக்காக்க வேண்டும் என்பதையும் விளக்கினார். அழிவை நோக்கி சென்று கொண்டிருக்கும் உலகத்தை உன்னைப்போன்ற சிறுவர்கள் தான் பாதுகாக்கவேண்டும். 'விவசாயத்தை போற்றி இயற்கை வளங்களைப் பாதுகாத்து வளமான எதிர்காலத்தை உருவாக்க வேண்டும்' என்று கூறினார். அவன் மனம் தெளிவடைந்தது. தன் வீட்டை நோக்கி கம்பீரமாக நடந்து சென்றான்.

### எனது இலட்சியம்

நான் மூன்று மாத கைக்குழந்தையாக இருந்தபோது எனது அம்மாவிற்கு தென்கொரியாவில் வேலை கிடைத்ததால், என்னையும் என் சகோதரியும் தங்களுடனே அங்கு அழைத்துச் சென்றதாக எனது பெற்றோர் கூறுவர். சிறுவயதில் அந்நாட்டிலேயே வளர்ந்தேன். எனது இரண்டாம் வகுப்பு வரை அங்குள்ள பள்ளியில் படித்தேன். இக்கட்டுரையில் எனது சிறுவயது நினைவுகளைக் கூறுகிறேன்.

அங்குள்ள உணவு வகைகள் சில எனக்கு மிகவும் பிடிக்கும். அதில் 'நுறிஞ்சி' எனப்படும் வறுத்த அரிசியில் செய்த கஞ்சி மிகவும் பிடிக்கும். கொரிய மக்கள் அவர்களது புத்தாண்டு அன்று அணியும் 'கம்பொக்' என்ற பார்ம்பரிய உடை எனக்கு மிகவும் பிடிக்கும். அந்த ஆடை நமது ஊரில் கிடைக்கும் பட்டு பாவாடை போன்ற ஆடையாகும். ஒருமுறை எனது அப்பா எங்களை 'தேஜான்' என்ற நகரத்திற்கு அழைத்துச் சென்றார். அந்நகரம் கொரிய நாட்டின் 'அறிவியல் நகரம்' என்ற சிறப்புப்பெற்றது. நமது மறைந்த முன்னாள் ஜனாதிபதி அப்துல் கலாம் கூட அந்நகருக்கு வருகை புரிந்துள்ளார். அந்நகரிலுள்ள தொழில்நுட்பத்தைப் பார்த்து மிகவும் வியந்து பாராட்டியுள்ளார்.

கலாம் அவர்களின் கூற்றுப்படி "கனவு என்பது தூங்கும் போது காண்பது அல்ல நாம் நினைத்ததை முடிக்கும் வரை தூங்க விடாமல் இருப்பதே ஆகும்". கலாமின் இந்தப் பொன்மொழி எனக்கு மிகவும் பிடிக்கும். என்னுடைய கனவு மற்றும் இலட்சியம் என்பது பிற்காலத்தில் மிகச்சிறந்த விஞ்ஞானி ஆகவேண்டும் என்பதே. அதுவும் என் குழந்தைப் பருவத்தைக் கழித்த தென்கொரியாவில் பணியாற்ற மிகவும் ஆசை.

अभिव्यक्ति - प्रकृति की गोद में

कुदरत की नक्काशी  
 कभी धूप - चाँदनी कभी बादल हवा  
 कभी बरखा गुलिस्तान होता है  
 हैरतअंगेज नक्काशी कण-कण में भरी  
 कुदरत विश्व की प्राण होती है  
 कुदरत मौजूद तो हमारा वजूद  
 पाबंदियों से सजी लय ताल होती है  
 नामुमकिन अलफाजे ऐ बया  
 कुदरत बड़ी बलवान और महान होती है ।

प्रकृति  
 हरी-हरी खेतों में  
 बरस रही हैं बूँदे ।  
 खुशी-खुशी से आया सावन  
 भर गया मेरा उपवन ।  
 ऐसा लग रहा है जैसे -  
 मन की कलियाँ खिल गईं वैसे  
 ऐसा फूलों का जश्न ।  
 यह संसार है कितना सुंदर  
 लेकिन नहीं उतने अकलमंद ।  
 यह है एक निवेदन,  
 न करे प्रकृति को परेशान ।

**“मुझे प्रति है ओर , बढ़ो मनुष्यता की ओर”**

आरंभ से ही प्रकृति मानव की सहचारी है । प्रकृति शब्द सुनते ही हमारे मन में हरे - भरे पहाड़ों , उनमें से निकलती हुई नदियाँ और उनके आस - पास के फूलों का दृश्य सजीव हो जाता है । प्रकृति मानव को सबकुछ देती जैसे औषधियाँ, खाद्य पदार्थ, ईंधन और इमारत के लिए लकड़ी । बढ़ती जनसंख्या से मानव की आवश्यकताएँ भी बढ़ती जा रही है । हमें बहुत सारे पेड़ - पौधे उगाना चाहिए नहीं तो प्राकृतिक अपदाएँ जैसे अकाल सूखा आदि हमें विनाश की कगारपर ले जाएँगे ।

“मुझे प्रकृति की ओर बढ़ो मनुष्यता की ओर” ।

### छोटी-सी चिड़िया

इस धरती में बहुत-सी चिड़िया  
कुछ गाती, कुछ नाचती चिड़िया  
सबके मन को भाती चिड़िया  
छोटी हो या बड़ी,  
बूढ़ी हो या जवान,  
फुदकती और उड़ती चिड़िया  
उड़ती ऊँचाई में,  
और करती आराम  
पेड़ों पर चिड़िया  
पेड़ ही इनका घर  
मत करना इनको बेघर।

कक्षा : V

### हमारी प्रकृति

आई आई वसंत बहार  
महके -महके फूल ये महके  
हम बच्चों को लगते प्यारे।  
कहती है ये तितली उड़कर  
कितनी सुंदर है ये नेचर।

आई आई वरखा रानी  
रिमझिम- रिमझिम काले बादल  
नाच रहा है मोर हो पागल।  
पेड़ों से ही हरियाली है  
इनसे सबकी खुशहाली है।  
पेड़ ना काटो जल को बचाओ  
नेचर की तुम शान बढ़ाओ।

खुशी नारंग

कक्षा: IV'B'

### सुंदर ग्रह - प्रकृति

हम सबसे सुंदर ग्रह पर निवास करते हैं। प्रकृति हमें पीने के लिए पानी, सांस लेने के लिए हवा, पेट के लिए भोजन आदि देती है। हमें अपने प्रकृति को साफ रखना चाहिए तथा विनाश से बचाना चाहिये। वर्तमान समय में सभी के पास प्रकृति का आनंद उठाने का कम समय है। आज जीवन एक छोटे से कमरे में सिमटकर रह गया है। हम सेलफोन स्क्रीन से चिपके रहते हैं। हम भूल जाते हैं कि दरवाज़े के बाहर प्रकृति है। हमारी प्रकृति हमें अत्यधिक आनंद देती है। हमारा कर्तव्य है कि हम इसे संभालकर रखे ताकि आनेवाली पीढ़ियाँ भी इसका आनंद उठा सकें।

### पेड़ उगाओ

पेड़ उगाओ, पेड़ उगाओ  
हरा- भरा जीवन बनाओ ।  
छाया ये हमें देते हैं,  
फल भी हमें देते हैं ।  
वाढ़ से हमें बचाते हैं,  
प्रदूषण दूर हटाते हैं ।  
हम भी पेड़ लगाएँगे,  
संसार को हरा- भरा बनाएँगे ।

मधु

### प्रकृति - हमारी रक्षक

एक सुहावनी रात थी । तारे आसमान में चमक रहे थे । चाँद ऊपर से मुसकरा रहा था । एक हिरणी नदी तट पर बैठी अपने बच्चे को जन्म देने के लिए तैयार थी । ऊपर आसमान में बादल नहीं थे और सब कुछ शांत था । लेकिन फिर भी वह चौकन्नी थी । वह अपने बच्चे को मरने नहीं देना चाहती थी । जैसे ही वह सोने जा रही थी उसने एक आवाज़ सुनी । तुरंत वह सावधान हो गई । उसने देखा कि एक शेर उसकी ओर आ रहा था । वह कठिनाई के साथ उठी लेकिन दौड़ नहीं सकती थी । शेर बहुत भूखा था । इसलिए हिरणी को देखते ही बहुत खुश हो गया । अचानक उसने एक नीचे गिरी हुई डाली के टूटने की आवाज़ सुनी । एक शिकारी उसे मारने के लिए धनुष पर बाण चढ़ाकर तैयार था । यह सब देखकर भी हिरणी विचलित नहीं हुई । वह वहाँ खड़ी भगवान से प्रार्थना कर रही थी । वह पीछे मुड़कर भागने की कोशिश करने वाली थी कि एक दावानल भी उसे नष्ट करना चाहता था । नदी, आग, शेर और शिकारी के बीच वह घबराई हुई खड़ी रही । तभी एक गज की आवाज़ आई । गज ने शिकारी को मार डाला और उसके बाण ने दुर्बल शेर का काम तमाम कर दिया । फिर बारिश ने दावानल को बुझाया । हिरणी ने अपने बच्चे को जन्म दिया । ऐसे ही प्रकृति निःसहाय प्राणियों की मदद करती है ।

### चिड़ियाघर की सैर

मेरे जन्मदिन के अवसर पर मैं अपने माता पिता के साथ चिड़िया घर की सैर करने गया ।  
चिड़िया घर का नाम अरिजर अन्ना ज़ियोलॉजिकल पार्क है । यह वंडलूर में स्थित है । हम  
वहाँ गाड़ी से पहुँचे । हमने टिकट घर से टिकट खरीदा । मैंने चिड़ियाघर में बहुत सारे  
जानवर, चिड़िया और साँप देखा । मुझे वहाँ पर जानवरों में शेर, उछलकूद करता हुआ  
बंदर बहुत अच्छा लगा । मुझे चिड़ियाघर की सैर करने में बहुत मज़ा आया ।

### मगरमच्छ बैंक का भ्रमण

स्कूल की ओर से 9 जनवरी को मगरमच्छ बैंक देखने के लिए गए। वहाँ हमने बहुत सारे मगरमच्छों को देखा। मगरमच्छ जल और थल दोनों में रह सकते हैं। मगरमच्छ की पूँछ बहुत ताकतवर होती है। ये अपने शरीर को ठंडा करने के लिए अक्सर पानी के बाहर अपने जबड़ों को खोलते हैं। इसके बाद हमने बड़ी संख्या में सॉपों को देखा जो विभिन्न आकार और रंगों के थे। मगरमच्छ बैंक का भ्रमण करने का अनुभव बहुत ही अच्छा और ज्ञानवर्धक रहा।

दीया जयराम

कक्षा : III 'B'

हम सौर मंडल के सबसे सुंदर ग्रह पृथ्वी पर रहते हैं। यह छोटा सा शब्द 'प्रकृति' वास्तव में वही विपाटी है। प्रकृति में वायु, पानी, मिट्टी, पेड़ पौधे, पशु पक्षी, नक्षत्र, नदी, सरोवर, जंगल, झरने इत्यादि आते हैं। प्रकृति से हमें जीवन जीने की प्रेरणा मिलती है। मानव जीवन प्रकृति पर ही निर्भर करता है। प्रकृति मनुष्य को भगवान का दिया हुआ सबसे अनमोल उपहार है। लेकिन दुख की बात है कि भगवान के द्वारा इंसानों को दिए गए इस उपहार को बढ़ती तकनीकी और मानव की अज्ञानता के कारण लगातार नुकसान हो रहा है। मनुष्य का यह कर्तव्य बनता है कि वह प्रकृति को नुकसान न पहुँचाए व प्रकृति का संरक्षण करे। पेड़ों को नहीं काटना चाहिए। नदियों और सागरों को दूषित नहीं करना चाहिए। पर्यावरण संरक्षण से ही धरती पर हमारा जीवन संभव हो सकता है।

## एक नया दिन

सुबह उठकर यदि बाहर जाते हैं, तो एक ठंडी हवा आकर आपको गले लगाती है। फिर कुछ देर बाद सूर्य भी उठने लगता है। एक कोने से धीरे-धीरे ऊपर फैलती है -सूर्य की किरणें। कितना सुंदर दृश्य है। तुरंत ही चिड़ियाँ आ जाती हैं। पहले सिर्फ एक ही चिड़िया की आवाज़ सुनाई देती, लेकिन यदि कुछ ही देर के लिए सुनाते रहोगे, तो कई चिड़ियों की आवाज़ मिलकर एक मधुर गीत बन जाती है। हाँ, जब गाना खत्म हो जाता है तब आसमान सूर्य के प्रकाश से भर जाता है। चाँद सोने के लिए तैयार होता है और विलीन हो जाता है। धीरे - धीरे चुपके से दिन की पहली रोशनी मुसकराती हुई धरती पर आ जाती है। प्रकृति की सभी अंग एक नए दिन के स्वागत के लिए तैयार हो जाते हैं और अपने - अपने काम में जुट जाते हैं। ऐसा लगता है कि मानो सूर्य की किरणों ने सबके कानों में कहा हो - “सुबह हो गई उठो। एक नया दिन तुम्हारी प्रतीक्षा कर रहा है।”

# Le Français

## La Francophonie:

Le terme francophonie est apparu pour la première fois vers 1880, lorsqu'un géographe français, Onesime Reclus, l'utilise pour désigner l'ensemble des personnes et des pays parlant le français soit comme langue officielle, soit comme langue d'enseignement et administrative.

## LA MODE EN FRANCE

De début du dix-septième siècle à nos jours, la mode a développé les capacités des créateurs de mode à concevoir et à vendre des vêtements à un homme nommé roi Louis XIV qui était bien connu pour avoir créé marque dans la mode française.

**Vous voulez la paix :  
Créez l'amour ---  
Victor Hugo.**

Victor Marie Hugo, (1802-1885) était un poète, romancier et dramaturge français du mouvement romantique. Hugo est considéré comme l'un des plus grands écrivains français. En dehors de la France, ses œuvres les plus célèbres sont les romans 'Les Misérables', 1862 et 'Le Bossu de Notre-Dame', 1831. Hugo était à l'avant-garde du mouvement littéraire romantique avec sa pièce de théâtre 'Cromwell' et le drame 'Hernani'.

### Paris

Paris est un très bel endroit. C'est aussi mon endroit préféré. Elle a beaucoup de musées d'art et de bâtiments historiques. Abritant des monuments historiques tels que Notre-Dame, La tour Eiffel, Bastille, Le Louvre et bien d'autre. La seine divise la ville en Gauche, au sud, la Droite sur la rive nord du fleuve. La population parisienne est supérieure à 2 millions d'habitants.
